

Scientific Name	Cultivar	Common Name	Quantity	Size	Price	Height	Width	Sun	Description
Conifers									
<i>Cephalotaxus harringtonia</i>	'Duke Gardens'	Duke Gardens Plum Yew	10	1 Gallon	\$ 18.00	4'	4'	Part Shade	Dense, mounding spreader, bright green juvenile foliage turns to dark green, drought and deer tolerant once established, use in small spaces, woodland gardens, shade gardens, as low hedge, in mass plantings or as specimen plant.
<i>Cephalotaxus harringtonia</i>	'Fastigiata'	Fastigiata Plum Yew	10	1 Gallon	\$ 18.00	10'	5'	Part Shade to Full Sun	Upright, columnar habit, dark green foliage, shade and heat tolerant, use as foundation plant, specimen plant, and in formal groupings.
<i>Cephalotaxus harringtonia</i>	'Hedgehog'	Hedgehog Plum Yew	5	1 Gallon	\$ 20.00	3'	4'	Full sun to part sun to no sun	A shade loving, gracefully spreading evergreen that is perfect for woodlands and adapts to moist and dry soil; long, deep green, glossy needles are lime green in spring; slow growing, and deer resistant; a great low edging or bordering plant
<i>Chamaecyparis obtusa</i>	'Chabo Yadori'	Chabo Yadori Hinoki Falsecypress	6	3 Gallon	\$ 39.00	6-7'	4-5'	Full sun	Great evergreen for accent. Pyramidal habit, graceful branching. Blue-green foliage. Decorative bark.
<i>Chamaecyparis obtusa</i>	'Devine's Sport'	Devine's Sport Hinoki Falsecypress	3	7 Gallon	\$ 78.00	6'	6'	Full sun	A dwarf evergreen shrub with a conical form and tightly congested, blue-green foliage that is soft to the touch. Use as a specimen plant, shrub border, or with other contrasting conifers.
<i>Chamaecyparis obtusa</i>	'Fernspray Gold'	Fernspray Gold Hinoki Falsecypress	6	2 Gallon	\$ 32.00	6'	3'	Full Sun to Partial Shade	Golden-yellow to green interior, fernlike foliage, irregular, pyramidal shape, winner of Award of Garden Merit of Royal Horticultural Society, use as specimen or accent plant, city and cottage gardens, and rock gardens.
<i>Chamaecyparis obtusa</i>	'Gracilis'	Gracilis' Hinoki Falsecypress	6	3 Gallon	\$ 36.00	6'	3-4'	Full sun to dappled shade	This tree grows more compact and fuller than the genus in a pyramidal to a conical shape with short spreading and irregularly arranged branches. This graceful tree makes a nice accent or specimen tree, a corner of the house plant or planted in small groups. It can also be grown in containers.
<i>Chamaecyparis obtusa</i>	'Gracilis'	Gracilis' Hinoki Falsecypress	4	5 Gallon	\$ 44.00	6'	3-4'	Full sun to dappled shade	This tree grows more compact and fuller than the genus in a pyramidal to a conical shape with short spreading and irregularly arranged branches. This graceful tree makes a nice accent or specimen tree, a corner of the house plant or planted in small groups. It can also be grown in containers.
<i>Chamaecyparis obtusa</i>	'Kosteri'	Kosteri' Hinoki Falsecypress	6	1 Gallon	\$ 16.00	4-5'	4-5'	Full sun	This attractive evergreen shrub has a rounded form that matures into a dwarf pyramidal shape. Flat sprays of deep green foliage add handsome texture to the landscape. Excellent for rock gardens or mixed borders. Withstands brief dry spells, once established in the landscape.
<i>Chamaecyparis obtusa</i>	'Kosteri Fast Form'	Kosteri Fast Form' Hinoki Falsecypress	6	7 Gallon	\$ 62.00	4-5'	3-4'	Full Sun to Partial Shade	Growing a bit faster, the foliage is more 'loose' as a juvenile plant, but will become tighter with age. Year round interest for the small garden, and is worth growing for its look.
<i>Chamaecyparis obtusa</i>	'Little Markey'	Little Markey' Hinoki Falsecypress	6	1 Gallon	\$ 16.00	6'	2'	Sun to partial shade	A bright focal point in the garden with its striking architectural form and golden color. <i>Chamaecyparis obtusa</i> 'Little Markey' has similar sculptural qualities to C.o. 'Spiralis' but illuminates the garden with its tight, congested fans of vibrant foliage. Little Markey Hinoki Cypress is more colorful in exposed locations but also does well in filtered light. Moist, well-drained soil is a must.
<i>Chamaecyparis obtusa</i>	'Lynn's Golden'	Lynn's Golden' Hinoki Falsecypress	6	1 Gallon	\$ 18.00	4'	4'	Full sun to partial sun	The layered golden foliage on this easy-to-grow selection remains equally attractive in winter and summer.
<i>Chamaecyparis obtusa</i>	'Nana Gracilis'	Nana Gracilis Hinoki Falsecypress	6	3 Gallon	\$ 39.00	3-6'	2-4'	Full sun	A slow growing conifer forming a dense, globe-like, evergreen shrub when young, becoming more broadly conical over time. It's lush, glossy dark green foliage is held in short, shell like sprays. The small female cones are green maturing to reddish brown. This is perfect for sunny borders, rock gardens or containers where it adds year round color and structure.
<i>Chamaecyparis obtusa</i>	'Nana lutea'	Nana lutea Hinoki Falsecypress	6	1 Gallon	\$ 20.00	3-5'	3-5'	Sun to partial shade	This plant is excellent for use in Asian or rock gardens, or planted in the middle of a border to bring a unique look to the landscape. Its small size makes it an excellent choice for a small hedge, a foundation planting, or even a container.
<i>Chamaecyparis obtusa</i>	'Oregon Crested'	Oregon Crested Hinoki Falsecypress	6	1 Gallon	\$ 16.00	40-50'	15-30'	Full sun	Has a spreading, irregular, open form with dark glossy green foliage. Very slow growing and is suited principally to a large oriental garden. It has an irregular habit. It typically has blunt, paired leaves with 'X' markings underneath.
<i>Chamaecyparis obtusa</i>	'Oregon Crested'	Oregon Crested Hinoki Falsecypress	3	7 Gallon	\$ 62.00	40-50'	15-30'	Full sun	Has a spreading, irregular, open form with dark glossy green foliage. Very slow growing and is suited principally to a large oriental garden. It has an irregular habit. It typically has blunt, paired leaves with 'X' markings underneath.
<i>Chamaecyparis obtusa</i>	'Pygmaea'	Pygmaea Hinoki Falsecypress	6	1 Gallon	\$ 16.00	3'	5'	Full sun to dappled shade	A compact. Dwarf conifer forming a flat-topped, rounded, evergreen shrub with spreading branches and fan shaped sprays of glossy green foliage that turns bronze-olive in winter. The leaves are bright green in the summer, providing a lovely contrast with the red-brown stems. This is perfect for sunny borders, rock gardens or containers where it adds year-round color and structure.
<i>Chamaecyparis obtusa</i>	'Pygmaea Aurescens'	Pygmaea Aurescens Hinoki Falsecypress	6	2 Gallon	\$ 32.00	3'	3-4'	Full sun	Flat-topped broadly globose selection, foliage is yellow-bronze in the spring and dark green in summer, highlights of bronze in winter.

Scientific Name	Cultivar	Common Name	Quantity	Size	Price	Height	Width	Sun	Description
<i>Chamaecyparis obtusa</i>	'Pygmaea Aurescens'	Pygmaea Aurescens Hinoki Falsecypress	3	7 Gallon	\$ 52.00	3'	3-4'	Full sun	Flat-topped broadly globose selection, foliage is yellow-bronze in the spring and dark green in summer, highlights of bronze in winter.
<i>Chamaecyparis obtusa</i>	'Spiralis'	Spiralis Hinoki Falsecypress	6	1 Gallon	\$ 16.00	4'	3'	Sun to partial shade	A striking narrow habit and attractive bark contribute to the beauty of each specimen. But it is the very dense, finely textured foliage naturally sculpted on spiraling branches that account for the awe factor. Slow growing and ideal for large courtyard containers, this choice selection has a delicate constitution that requires perfect conditions.
<i>Chamaecyparis obtusa</i>	'Templehof'	Templehof Hinoki Falsecypress	4	3 Gallon	\$ 36.00	8'	4'	Full sun	Lush evergreen foliage in broad overlapping whorls covers this carefree dwarf conifer. New foliage emerges yellow-green, matures to deep green, then takes on a bronze coloration in the winter. Excellent for use as a low informal hedge and requires little to no pruning.
<i>Chamaecyparis obtusa</i>	'Verdoni'	Verdoni Hinoki Falsecypress	6	1 Gallon	\$ 18.00	5-6'	2-3'	Full sun to partial shade	This cultivar is dense, upright, conical, with somewhat contorted form. It has yellow-green, fan-shaped foliage that holds the color well. Use it as a foundation plant, as a specimen in a lawn or alongside a patio, or in shrub borders, hedges, or as a privacy screen. It is a great addition to Asian, rock, or winter gardens, and it can also be grown in a container.
<i>Chamaecyparis obtusa</i>	'Well's Special'	Well's Special Hinoki Falsecypress	6	2 Gallon	\$ 32.00	10-15'	5-7'	Full sun to partial shade	noted for its tall, narrow, rigidly columnar form and lovely emerald green evergreen foliage. Most hinoki we grow are miniature or dwarf, but this one grows larger, which many conifer growers like for that special spot in the landscape.
<i>Chamaecyparis pisifera</i>	'Baby Blue Ice'	Baby Blue Ice Sawara Cypress	3	7 Gallon	\$ 78.00	3'	2.5'	Full Sun to Partial Shade	Dense, silver-blue foliage, pyramidal shape, very cold hardy, use as specimen plant.
<i>Chamaecyparis pisifera</i>	'Cumulus'	Cumulus Sawara Cypress	6	1 Gallon	\$ 22.00	1.5'	1.5'	Full Sun to Partial Shade	Blue-green foliage, globe shaped and cloud like, use in containers, rock gardens, miniature topiary.
<i>Chamaecyparis pisifera</i>	'Curly Tops'	Curly Tops Sawara Cypress	6	1 Gallon	\$ 20.00	3-5'	3-5'	Full Sun to Part Shade	Semi-dwarf, metallic silver-blue foliage, bluer foliage if planted in partial shade, twisted and curly tips, use in borders, rock gardens, foundation plantings, specimen.
<i>Chamaecyparis pisifera</i>	'Devon Cream'	Devon Cream Sawara Cypress	6	1 Gallon	\$ 22.00	5-10'	3'	Full Sun	Dwarf, juvenile white foliage changes to silver-blue, upright conical, us as accent plant or in a hedge.
<i>Chamaecyparis pisifera</i>	'Devon Cream'	Devon Cream Sawara Cypress	2	7 Gallon	\$ 62.00	5-10'	3'	Full Sun	Dwarf, juvenile white foliage changes to silver-blue, upright conical, us as accent plant or in a hedge.
<i>Chamaecyparis thyoides</i>	'Red Star'	Red Star Atlantic White Cedar	6	1 Gallon	\$ 22.00	4-20'	6-8'	Full Sun to Partial Shade	Compact, columnar, blue-green foliage turns a plum color in winter, use as specimen or in hedge. Plant in sun for best color.
<i>Cryptomeria japonica</i>	'Compressa'	Compressa Japanese Cedar	6	1 Gallon	\$ 20.00	1.25'	1.25'	Full sun to partial shade	a dense multi-stemmed evergreen shrub with a mounded form. It lends an extremely fine and delicate texture to the landscape composition which should be used to full effect.
<i>Cryptomeria japonica</i>	'Cristata'	Cristata Japanese Cedar	6	2 Gallon	\$ 32.00	10-30'	5-12'	Full Sun to Partial Shade	Fast growing, green foliage, develops faciated bright green cockscomb shaped branches, use as specimen, and in containers. It is a good converstaional piece in the garden. The branches can be used in floral designs and in wreaths.
<i>Cryptomeria japonica</i>	'Komodo Dragon'	Comodo Dragon Japanese Cedar	9	1 Gallon	\$ 22.00	3-4'	3-4'	Full Sun to Partial Shade	Dwarf, foliage is bright green in spring, very dark green in summer, and black green in winter, irregular-conical eventually becomes a dwarf pyramid, use as specimen, for contrast, and in mixed gardens.
<i>Cryptomeria japonica</i>	'Globosa Nana'	Globosa Nana Japanese Cedar	6	2 Gallon	\$ 32.00	4-5'	5-6'	Full Sun (will tolerate some shade)	Green foliage all year, mounded and compact, use as hedge, in mass plantings in groups of 3 to 5, Asian/Zen gardens, as specimen, small gardens, containers, as specimen and in mixed gardens.
<i>Cryptomeria japonica</i>	'Globosa Nana'	Globosa Nana Japanese Cedar	4	5 Gallon	\$ 44.00	4-5'	5-6'	Full Sun (will tolerate some shade)	Green foliage all year, mounded and compact, use as hedge, in mass plantings in groups of 3 to 5, Asian/Zen gardens, as specimen, small gardens, containers, as specimen and in mixed gardens.
<i>Cryptomeria japonica</i>	'Gyokuru'	Gyokuru Japanese Cedar	4	3 Gallon	\$ 32.00	5-10'	3-7'	Full Sun	Year long dark green foliage with bright green new growth, forms irregular pyramid, use as specimen plant, vertical accent, mass plantings, Asian/Zen gardens, and mixed gardens.
<i>Cryptomeria japonica</i>	'Gyokuru'	Gyokuru Japanese Cedar	3	7 Gallon	\$ 62.00	5-10'	3-7'	Full Sun	Year long dark green foliage with bright green new growth, forms irregular pyramid, use as specimen plant, vertical accent, mass plantings, Asian/Zen gardens, and mixed gardens.

Scientific Name	Cultivar	Common Name	Quantity	Size	Price	Height	Width	Sun	Description
<i>Cryptomeria japonica</i>	'Yellow Twig'	Yellow Twig Japanese Cedar	6	2 Gallon	\$ 36.00	5-6'	4-5'	Full Sun to Partial Shade	Slow to medium growth rate, new foliage appears frosted in a yellow-gold color that turns to bright green as it matures, upright-pyramidal, use in smaller spaces, as hedge, or specimen plant.
<i>Cryptomeria japonica</i>	'Yoshino'	Yoshino Japanese Cedar	6	2 Gallon	\$ 32.00	30-40'	20-30'	Full Sun	Lime-green to blue-green foliage, pyramidal shape, use for screenings for privacy and wind, and borders.
<i>Cryptomeria japonica</i>	'Yoshino'	Yoshino Japanese Cedar	3	7 Gallon	\$ 54.00	30-40'	20-30'	Full Sun	Lime-green to blue-green foliage, pyramidal shape, use for screenings for privacy and wind, and borders.
<i>Cupressocypress x leyland</i>	'Murray'	Murray Cypress	4	3 Gallon	\$ 28.00	30-40'	6-10'	Full sun to partial sun	An excellent choice for growing as Christmas Trees. As well as having branches that are stronger than the Leyland Cypress as well as being more disease resistant and resilient to fungus.
<i>Juniperus chinensis</i>	'Angelica Blue'	Angelica Blue Juniper	6	2 Gallon	\$ 32.00	6'	10'	Full Sun to Partial Shade	Fast growing, spreading, blue foliage in summer turns bluish purple in winter, drought tolerant, good for planting on hillsides in controlling erosion, rock gardens, contrast plant, and as accent plant.
<i>Juniperus chinensis</i>	'Saybrook Gold'	Saybrook Gold Juniper	6	2 Gallon	\$ 32.00	3'	6'	Full sun	G+J108rows as a spreading, arching shrub with stiff branches with drooping tips. The gold needle foliage is a bright spot in the landscape as a specimen plant, but is also attractive in winter when it turns more bronze.
<i>Juniperus conferta</i>	'Pacific Gold'	Pacific Gold Shore Juniper	6	3 Gallon	\$ 36.00	1'	4'	Full Sun	Carpet-forming habit, bright yellow foliage, heat tolerant, good for foundation plantings, ground cover, mass plantings, and contrast.
<i>Juniperus horizontalis</i>	'Blue Rug'	Blue Rug Creeping Juniper	6	2 Gallon	\$ 22.00	1'	5-6'	Full sun to partial sun	Foliage is silver-blue that transitions into purple bronze during the winter months. The Blue Rug Juniper is fast growing and is resistant to diseases that normally plague juniper shrubs.
<i>Thuja occidentalis</i>	'DeGroot's Spire'	DeGroot's Spire Arborvitae	6	1 Gallon	\$ 22.00	20'	4'	Full Sun to Partial Shade	Bright green, twisted foliage, narrow, pyramidal habit, use for wind and privacy screening, borders, and specimen.
<i>Thuja occidentalis</i>	FULL SPEED A HEDGE 'Thin Man'	Thin Man Arborvitae	32	1 Gallon	\$ 22.00	25-30'	4'	Full sun	dense growth habit and manageable width make it perfect for borders, street hedging and beyond. It's resistant to extreme heat, cold, wind, and ice, so it's super strong.
<i>Thuja occidentalis</i>	'Nigra'	Nigra Arborvitae	6	3 Gallon	\$ 28.00	15-18'	8-10'	Full sun to part sun to part shade	An improved form and a richer dark-green color, retaining its color better during the winter months. It has dense fan-shaped foliage. This is an excellent plant for background or screening in the landscape. The size can be controlled by yearly pruning if desired.
<i>Thuja occidentalis</i>	'Hetz Midget'	Hetz Midget Arborvitae	6	2 Gallon	\$ 28.00	3-4'	4-5'	Full sun to partial shade	Its size and naturally rounded form make it ideal for a small space, foundation planting, border, low hedge, cottage, or rock garden. It can also be used as a specimen or in a container to accent a lawn, patio, or pool hardscape. It is tolerant of urban conditions.
<i>Thuja occidentalis</i>	STING	Sting Arborvitae	32	PW Quart	\$15/3for\$42	15-20'	12-18'	Full sun to partail sun	This takes skinny to the max with its sword-like silhouette. Use it to make an exclamation point in garden designs, or fit it into a very narrow bed. Certain to be iconic plant in well-designed landscapes everywhere.
<i>Thuja orientalis</i>	'Morgan'	Morgan Arborvitae	10	1 Gallon	\$ 18.00	4'	3'	Full sun	With very flat fans of lime green foliage, packed very tight on the squat pyramidal plant. In winter, the foliage turns a purple-bronze-orange color, adding interest, then in spring it goes back to the bright lime green color. No pruning is required to keep the shape
<i>Thuja plicata</i>	'Forever Goldy'	Forever Goldy Western Red Cedar	6	2 Gallon	\$ 28.00	8-10'	4-5'	Full sun to partial shade	It will make a big impact in the landscape in that it gets a Golden yellow coloring on the newest growth when temperatures get near or below 40 degrees F. This makes an excellent plant to grow in a container or use in a mass planting. A mass planting as a wind screen or property border planting is great use
<i>Thuja plicata x</i>	'Green Giant'	Green Giant Western Red Cedar	6	3 Gallon	\$ 28.00	40-55'	14-16'	Full sun to partial sun	The foliage of the Green Giant Arborvitae is scale-like and maintains a rich green color throughout the year. The dense, layered branches provide excellent coverage. The tree has a naturally pyramidal shape, and its branches are held in a somewhat vertical orientation, giving it an elegant appearance.
Shrubs									
<i>Buddleia</i>	'Miss Molly'	Miss Molly Butterfly Bush	10	PW 1 Gallon	\$ 20.00	4-5'	4-5'	Full sun	With its intensely colored blooms and refined habit, 'Miss Molly' is the queen of the summer garden. Its fragrant flowers are the closest to red of any butterfly bush and appear for months every summer without deadheading.
<i>Buddleia</i>	PUGSTER BLUE	Pugster Blue Butterfly Bush	32	PW Quart	\$15/3for\$42	2'	2-3'	Full sun	Compact, mounded, dwarf with full sized flowers, blooms summer to fall, attracts bees, butterflies, and hummingbirds, deer and rabbit resistant, use in borders, as groundcover, edging, in mass, containers, and as specimen.
<i>Buddleia</i>	PUGSTER PINKER	Pugster Pinker Butterfly Bush	32	PW Quart	\$15/3for\$42	2'	2-2.6'	Full sun	It blooms non-stop from early summer through frost with very rich pink flowers, each with a tiny bright orange eye in the center.

Scientific Name	Cultivar	Common Name	Quantity	Size	Price	Height	Width	Sun	Description
<i>Buxus newgen</i>	FREEDOM	Boxwood	12	PW 1 Gallon	\$ 22.00	3.5'	3.5'	Full sun to partial sun to shade	Beautiful, glossy green foliage adorns this relatively vigorous, rounded boxwood that is slightly taller than wide. More uniform making it an excellent choice for formal and residential landscapes. May bronze in winter. Deer resistant!
<i>Buxus newgen</i>	INDEPENDENCE	Boxwood	30	PW 1 Gallon	\$ 22.00	3'	3'	Full sun to partial sun to shade	A very deep green, medium-sized cultivar that holds excellent color throughout the winter. It has a rounded habit that is nearly as tall as wide. In new gardens and landscapes. Branching structure is very strong, allowing it to withstand most moderate to heavy snow loads. Deer resistant!
<i>Chitalpa</i>	EL NINO	El Nino Desert Orchid	16	PW Quart	\$15/3for\$42	5-8'	4-6'	Full sun to partial sun	This resulted in absolutely lovely flowers that somehow look both like orchids and snapdragons, but are way easier to care for than either of those plants. You'll get to enjoy these sweetly scented blooms starting in late spring or early summer, depending on where you live, and then sporadically throughout the summer.
<i>Cotinus coggygria</i>	WINECRAFT GOLD	Smokebush	4	PW 1 Gallon	\$ 22.00	4-6'	4-6'	Full sun to part sun	Round, waxy leaves emerge a sunny orange, soon take on a golden hue, then mature to a cheerful chartreuse for the season. In early summer, cloud-like green flower clusters cover the plant, and these turn into the pink "smoke" plumes that earn the plant its name. Naturally grows with a dense, oval shape that's ideal for adding a spot of bright color to partially shaded or sunny areas.
<i>Hibiscus x</i>	PARAPLU PINK INK	Rose of Sharon	12	PW 1 Gallon	\$ 22.00	5-8'	4-5'	Full sun	This hybrid rose of Sharon spends summers bedecked with very large, very showy white and pink flowers. The star-like pink eye at the center of each bloom makes for a dazzling effect. Even though each individual flower lasts only one sweet summer day, the plant makes lots of buds for long-lasting color you can enjoy for months every season. Deep green foliage and an upright-yet-graceful habit make this rose of Sharon suitable for specimen plantings, flower gardens, even a showy hedge.
<i>Hydrangea arborescense</i>	INCREDIBALL	Smooth Hydrangea	19	PW 1 Gallon	\$ 25.00	4-5'	4-5'	Full sun to part sun	They have sturdy stems that don't flop over and extra-large blooms to boot. White flowers begin to appear in mid-summer and open to enormous snowballs.
<i>Hydrangea arborescense</i>	INVINCIBELLE LIMETTA	Smooth Hydrangea	35	PW 1 Gallon	\$ 22.00	3-4'	3-4'	Full sun to part sun	They have strong stems that hold the blooms upright all season, and a dwarf, rounded habit that makes it perfect to plant anywhere, from foundations to flower gardens. In early summer, spheres of lime green flowers appear. They lighten to a soft green-white before turning jade green for the rest of the season. They last clear through frost for a persistent show that takes practically no effort on your part
<i>Hydrangea arborescens</i>	INVINCIBELLE SUBLIME	Smooth Hydrangea	25	PW 1 Gallon	\$ 25.00	2'6"	2'6"	Sun to Partial Shade	Mophead green flowers bloom summer to fall. Use for borders, containers, cut and dried flowers, edging, mass plantings, and as specimen plant or focal point plant.
<i>Hydrangea macrophylla</i>	CITYLINE 'Paris'	Big Leaf Hydrangea	6	7 Gallon	\$ 36.00	1-2'	1-3'	Sun to partial sun	The tight, compact habit of Cityline Paris hydrangea makes it a well-behaved garden or landscape plant, while its vivid deep red flowers make a bold and stylish statement. One of the smallest hydrangeas on the market, it does not need pruning (in fact, don't prune it at all!) and its deep green mildew-resistant foliage looks handsome all season. Cityline Paris keeps its red color in most any soil, developing only purplish centers in acidic soils.
<i>Hydrangea macrophylla</i>	ECLIPSE	Big Leaf Hydrangea	30	1 Gallon	\$ 30.00	3-5'	3-5'	Morning sun and afternoon shade	Eclipse® has spectacular cranberry or amethyst-colored blooms that provide fantastic contrast to the dark leaves. In alkaline soils will have cranberry flowers, while those grown in acidic soils will have amethyst flowers.
<i>Hydrangea paniculata</i>	FIRE LIGHT TIDBIT	Panicle Hydrangea	35	PW 1 Gallon	\$ 22.00	2-3'	3'	Full sun to partial sun	Big, lush panicles of white mophead flowers appear in early-mid summer, nearly obscuring the textured green foliage. As the summer progresses, they begin to develop bright pink and red tones, which keep it colorful right on up to the first frost, especially combined with its colorful autumn foliage, an unusual trait in panicle hydrangeas. Thick, sturdy stems help to create a neat, mounded plant that's fantastic in landscapes, flower gardens, even in containers!
<i>Hydrangea paniculata</i>	PUFFER FISH	Panicle Hydrangea	12	PW 1 Gallon	\$ 25.00	3-5'	3-5'	Full sun to partial sun	With luffy white blooms that engulf the entire plant, nearly obscuring the foliage. The flowers open and mature to a pure white. As the blooms age, they turn lime green and, for a bit of surprise, a fresh sprig of white flowers emerges from the tip of the panicle. A tight, compact habit with stems strong enough to hold its blooms.
<i>Hydrangea paniculata</i>	TINY QUICK FIRE	Panicle Hydrangea	14	PW 1 Gallon	\$ 22.00	1.5-3'	2-3'	Full sun to partial sun	it blooms early and growers can easily get this plant to market in bud and bloom in May. Flower age an attractive red-pink.
<i>Hydrangia quercifolia</i>	PEE WEE	Oakleaf Hydrangea	12	PW 1 Gallon	\$ 22.00	3-4'	3-4'	Full to partial sun	Flowers start white; they do take on some pink color as autumn approaches, but not as dramatic as other oakleaf hydrangea varieties.

Scientific Name	Cultivar	Common Name	Quantity	Size	Price	Height	Width	Sun	Description
<i>Hydrangea serrata</i>	TUFF STUFF TOP FUN	Reblooming Hydrangea	10	PW 1 Gallon	\$ 22.00	2-3'	2-3'	Full sun to partial sun	This hydrangea's bold lacecap blooms are supported by bright burgundy stems. Each flower is filled with cheery green fertile florets at the center and purple or pink infertile florets around the edges. So inviting to pollinators and quite a lovely cut for florists. And these flowers just keep coming all summer long, first on old wood and later on new wood.
<i>Ilex vomitoria</i>	'Oscar's Dwarf'	Oscar's Green Meatball Holly	15	1 Gallon	\$ 18.00	3'	5'	Full sun to partial sun	With exceptionally dark green foliage. Ilex 'Oscar' will tolerate boggy acidic soils as well as dry alkaline soils, making it ridiculously adaptable as a garden plant or in a rain garden.
<i>Illicium florinadum</i>	'Pink Frost'	Pink Frost Florida Anise	3	1 Gallon	\$ 30.00	6-10'	6-10'	Shade	A vigorous evergreen shrub for shady locations, Pink Frost Florida Anise Tree has lovely variegated white and green foliage that turns rosy pink in cold weather. Maroon-red flowers bloom for four to six weeks in spring, and the foliage has a pleasant gin and tonic scent, adding even more garden interest. Pink Frost loves moist, but well-drained soils.
<i>Philadelphus coronarius</i>	ILLUMINATI TOWER	Mock Orange	21	PW 1 Gallon	\$ 22.00	5-6'	3-4'	Full sun to partial sun	A landscape-friendly size with a totally unique space-saving habit. It naturally grows in a very narrow, upright way, each sturdy stem a stack of rugged, deep green leaves that looks like a four-sided tower. In late spring/early summer, hundreds of fragrant white flowers emerge from between the leaves for striking show that truly celebrates the season.
<i>Rhododendron</i>		Azaleas							Vivian Abney from East Fork Nursery will be hand selecting blooming evergreen and native azaleas for the plant sale. She will also be bringing 20 Sue's Tennessee Treasure azaleas for the first time ever! This azalea was bred for Dr. Sue Hamilton.
<i>Rosa</i>	AT LAST	At Last Landscape Rose	32	PW Quart	\$15/3for\$42	2.6-3'	2.6-3'	Full sun	With the romance of a fragrant, fully-petaled tea rose with the no-nonsense practicality of a disease-resistant landscape rose. No spraying is required to enjoy a non-stop display of large, sweetly perfumed sunset-orange blossoms from late spring through frost. Handsome, glossy foliage and a vigorous, rounded habit makes it ideal for use in the landscape or the flower garden.
<i>Rosa</i>	OSO EASY EN FUEGO	Oso Easy En Fuego Landscape Rose	32	PW Quart	\$15/3for\$42	3-4'	3'	Full sun	Its large blooms are a super saturated blend of yellow, red, and orange. The amount of each color changes depending on the bloom's age. Opening flowers are more filled with red and yellow, while mature blooms are mostly orange. No matter the color, flowers are beautifully presented with super glossy dark green foliage as a backdrop.
<i>Sambucus racemosa</i>	LEMONY LACE	Lemony Lace Elderberry	32	PW Quart	\$15/3for\$42	4-7'	4-7'	full sun to partial sun	The big clusters of white flowers in early spring before the foliage emerges, then bright yellow leaves take over, edged in red. As the foliage ages, it turns an attractive chartreuse.
<i>Viburnum x pragense</i>		Prague Viburnum	10	1 Gallon	\$ 18.00	8-10'	6-8'	Full sun to partial sun	Beautiful evergreen shrub with lustrous, dark green, puckered leaves. The attractive foliage holds up to typical Midwestern winters with no discoloration. Pink buds develop in early spring and open to lightly fragrant, creamy white flowers. Ideal for use as a quick growing hedge, screen or windbreak. Works equally well as an accent plant.
Caladiums									
<i>Caladium</i>	Pink Beauty	Caladium	50	6" Pot	\$8 Each, 3for\$22, 6for\$40	1.5-2'	5 bulbs per sq. ft	Half sun/half shade to full shade	Mottled foliage is splashed in bubble gum pink and vibrant green, with dark pink veins accenting each heart-shaped leaf. Caladiums add a touch of the tropics to shaded gardens, outdoor patios, and container gardens where they look striking planted in groups. Caladiums can also be grown as houseplants.
<i>Caladium</i>	Pink Beauty	Caladium	6	14" Pot	\$30/2for\$50	1.5-2'	5 bulbs per sq. ft	Half sun/half shade to full shade	Mottled foliage is splashed in bubble gum pink and vibrant green, with dark pink veins accenting each heart-shaped leaf. Caladiums add a touch of the tropics to shaded gardens, outdoor patios, and container gardens where they look striking planted in groups. Caladiums can also be grown as houseplants.

Vines									
<i>Clematis</i>	Bees Jubilee	Clematis	15	3.5" Pot	\$11/3for\$30	6-13'	3-4'	Full sun to partial sun	This plant produces masses of plump, creamy pink flowers with a cersie central bar and prominent, creamy yellow stamens. Flowering comes in two waves: first in late spring and early summer, then in late summer and early fall. The flowers give way to attractive seed heads adding further interest to the plant.
<i>Clematis</i>	Huldine	Clematis	15	3.5" Pot	\$11/3for\$30	10-14'	6'	Full sun to partial shade	Graceful 4" white flowers with yellow anthers on vigorous vines produce an incredible floral show. C. Huldine is considered the best repeat blooming white clematis. Blooms July through October
<i>Clematis</i>	Jackmanii	Clematis	15	3.5" Pot	\$11/3for\$30	7-10'	3-6'	Full sun	Clematis Jackmanii has an incredible number of single royal purple blossoms that are produced in June, July and September. A true garden Classic. Gracefully meandering over fences, trellises or through shrubbery, Clematis supply vertical interest. Every perennial garden should have at least one of these incredible vines.
<i>Clematis texensis</i>	Princess Diana	Clematis	15	3.5" Pot	\$11/3for\$30	6-8'	3-6'	Full sun to partial sun	Striking, deep reddish pink, tulip-shaped flowers with cream and maroon stamens bloom continuously from summer into early autumn. A classic vine for fences, walls and arbor posts. Exceptional as a rambling groundcover in beds and borders. Deciduous.
<i>Clematis texensis</i>	Princess Kate	Clematis	15	3.5" Pot	\$11/3for\$30	5-9'	3-4'	Full sun to partial shade	White, trumpet shaped flowers feature a sunfast reverse, with the darker color on the outside of the sepals. This contrasting color effect is the height of elegance
<i>Clematis viticella</i>	Betty Corning	Clematis	15	3.5" Pot	\$11/3for\$30	5-6'	2-4'	Full sun to partial shade	This climber is adorned with recursive tips and yellow anthers. Blooming freely from midsummer to fall, this charming clematis will provide dozens and dozens of vining stems clothed with bipinnate to pinate-compound dark green leaves. Excellent in large shrubs and small trees.
<i>Clematis viticella</i>	Etoile Violette	Clematis	15	3.5" Pot	\$11/3for\$30	10-15'	3-6'	Full sun to partial sun	This outstanding deciduous vine produces masses of small, nodding, dark violet-purple flowers.
<i>Clematis viticella</i>	Madame Julia Correvon	Clematis	15	3.5" Pot	\$11/3for\$30	9-12'	3-6'	Full sun to partial sun	This flower is adorned with a creamy-yellow boss of stamens. Opening from elegant slender buds, each flower bears four to six tepals that open up flat but gradually recurve or gracefully twist, giving a wonderful sense of movement and life to the floral display.
<i>Lonicera</i>	Major Wheeler	Honeysuckle	15	3.5" Pot	\$11/3for\$30	6-8'	5-10'	Full sun	This is a native non-stop bloomer with showy clusters of orange-red flowers from late spring through summer. The profuse tubular blooms are irresistible to hummingbirds providing them with natural nectar all season long.
Trees									
<i>Acer griseum</i>		Paperbark Maple	6	5 Inch	\$ 18.00	25'	15-20'	Filtered sun. Full sun to partial sun to partial shade	A handsome tree with an oval to rounded crown, an open habit, and upright branching. Soft green leaves turn scarlet in fall. Becomes distinctive and elegant with age, as its papery sheets of bark peel to reveal cinnamon-brown new bark. An excellent small landscape specimen or woodland understory accent. Deciduous.
<i>Acer griseum</i>		Paperbark Maple	10	1 Gallon	\$ 20.00	25'	15-20'	Filtered sun. Full sun to partial sun to partial shade	A handsome tree with an oval to rounded crown, an open habit, and upright branching. Soft green leaves turn scarlet in fall. Becomes distinctive and elegant with age, as its papery sheets of bark peel to reveal cinnamon-brown new bark. An excellent small landscape specimen or woodland understory accent. Deciduous.
<i>Camellia x</i>	'Just Chill Red Tip'	Just Chill Red Tip Camelia	32	PW Quart	\$15/3for\$42	5-8'	5-6'	Full sun to partial sun	Handsome burgundy new growth that contrasts with shiny, dark green evergreen foliage. Later on in mid-fall or early winter, depending on where you live, you'll get to enjoy its pink anemone-like ruffled flowers.

Scientific Name	Cultivar	Common Name	Quantity	Size	Price	Height	Width	Sun	Description
<i>Carpinus caroliniana</i>		American Hornbeam	20	5 Inch	\$ 12.00	20-30'	20-30'	Full sun to partial sun to partial shade to full shade	New leaves emerge reddish-purple, changing to dark green, then turn yellow to orange-red in the fall, offering a kaleidoscope of color throughout the year. Even in winter, the tree's fluted blue-gray bark with long, sinewy ridges make it a special addition to the landscape.
<i>Cladrastis kentuckea</i>		American Yellowwood	18	7 Gallon	\$ 55.00	30-50'	40-55'	Full sun	With smooth bark, large hanging clusters of fragrant white flowers, and clear yellow fall color. Choose a yellowwood tree for excellent shade in a small to medium sized landscape. Note that the branches of the yellowwood are highly susceptible to ice storm damage.
<i>Cornus stolonifera</i>	ARCTIC FIRE Yellow	Arctic Fire Yellow Red-Osier Dogwood	32	PW Quart	\$15/3for\$42	4-5'	5-6'	Full sun to partial sun to partial shade	Arctic Fire Yellow dogwood offers the same legendary durability as red-twig dogwood, but brings a cheerful yellow option.
<i>Ginkgo b.</i>	Princeton Sentry'	Ginko	15	2 Gallon	\$ 52.00	40-50'	20-25'	Full sun	A fruitless male Ginkgo cultivar that is pest-free. Chartreuse, fan-shaped leaves that flutter in the breeze turn a lovely flaxen yellow in the fall. A handsome landscape specimen with a narrow columnar form. Deciduous.
<i>Magnolia grandiflora</i>	DD Blanchard'	DD Blanchard Magnolia	10	2 Gallon	\$ 40.00	50-70'	20-35'	Full sun	D.D. Blanchard is one of the largest varieties, producing dark green, large leaves with a rusty brown underside. It is capable of maintain a straight, central trunk, which allows it to be grown full to the ground or be pruned into tree form with a visible trunk. Flowers bloom in late spring, with sparse but continued flowering throughout the summer. The fragrant blossoms are large (can be 8" in width) and are cup-shaped in appearance.
<i>Magnolia virginiana</i>	'Moon Glow'	Moon Glow Sweet Bay Magnolia	10	1 Gallon	\$ 18.00	15-35'	10-20'	Full sun	The lavish display opens later, after all chances of frost. Use them in cut flower arrangements, or plan a yearly family picture under the Sweet Bay. Enjoy flowers throughout the early summer. They are infused with a fresh, citrusy scent that brightens your mood, and layers in amazing scents to your landscape design. Butterflies love the flowers, too. They'll come calling for nectar, and add their airy, vivid motion to your landscape. These flowers are great in cut flower arrangements. Cut some of the blooming branches for a tall vase, or float a bloom or two in a shallow dish of water.
<i>Osmanthus fortunei</i>	'San Jose'	San Jose Tea Olive	15	1 Gallon	\$ 20.00	16'	5'	Full sun	Tiny parchment colored flowers crowd the stems and emit the sweet penetrating perfume of Freesia and apricots. On mild days its detectable up to 20' away. Juvenile foliage is prickly but as the shrub matures it develops entire leaves with a smooth margin.
<i>Osmanthus heterophyllus</i>	'Goshiki'	Goshiki False Holly	9	1 Gallon	\$ 20.00	6-10'	4-6'	Full sun to partial sun	A desirable ornamental shrub distinguished by its evergreen foliage that blooms spectacularly in autumn. Its lush leaves display an array of colors, including cream, yellow, bronze, orange, and dark green, which make it perfect for adding color and texture to any garden.
<i>Osmanthus heterophyllus</i>	'Karoi Hime'	Karoi Hime False Holly	20	1 Gallon	\$ 20.00	3'	2'	Partial sun to partial shade	Its deep green miniature hollyesque leaves and its scented typical Osmanthus-sized white flowers.
<i>Osmanthus heterophyllus</i>	'Purpureus'	Purple Leaf Tea Olive	5	1 Gallon	\$ 20.00	8'	8'	Full sun to very light shade	Mature shrubs bear masses of tiny white flowers in the leaf axils in October-November that cast a sweet perfume. Excellent cold hardiness. This is one of the few broad leaf evergreens that is perfectly hardy to the subfreezing wind of the gorge.
<i>Zelkova serrata</i>	Musachino'	Musachino Columnar Zelkova	18	7 Gallon	\$ 45.00	40-45'	15'	Full Sun	Columnar habit, slender, serrated leaves, yellow to red-orange fall color. Use in mass plantings, shade tree, street tree, as privacy screen or to block wind, and as specimen plant.
<i>Quercus x warei 'Nadler'</i>	Kindered Spirit'	Ware's Oak, Hybrid Oak	9	2 Gallon	\$ 55.00	30'	6'	Full sun	It has a columnar growth habit and it was bred to be powdery mildew resistant. Even though it is a hybrid it still produces acorns that provide a food source for small mammals. Mass plant them to form a tall hedge or use as a specimen. Once established it is drought tolerant and it does tolerate clay soils and salt well.
<i>Quercus x warei 'Nadler'</i>	Kindered Spirit'	Ware's Oak, Hybrid Oak	2	7 Gallon	\$ 65.00	30'	6'	Full sun	It has a columnar growth habit and it was bred to be powdery mildew resistant. Even though it is a hybrid it still produces acorns that provide a food source for small mammals. Mass plant them to form a tall hedge or use as a specimen. Once established it is drought tolerant and it does tolerate clay soils and salt well.
<i>Tsuga canadensis</i>	'Jeddeloh'	Jeddeloh Bird's Nest Hemlock	4	1 Gallon	\$ 30.00	2-3'	3-4'	Deep shade to partial shade	This hemlock is best grown in shady, moist areas with good drainage and cool summers, sheltered from drying winds. It needs supplemental watering during high heat or drought.
Perennials									

Scientific Name	Cultivar	Common Name	Quantity	Size	Price	Height	Width	Sun	Description
<i>Achillea millefolium</i>	'Oertel's Rose'	Oertel's Rose Yarrow	20	1 Gallon	\$ 12.00	2-3'	2-4'	Full sun	This perennial boasting clusters of rose-pink flowers, aging to white, from early to late summer. Birner on upright, stiff stems, the blossoms contrast nicely with the finely cut fern-like foliage.
<i>Achillea millefolium</i>	'Paprika'	Paprika Yarrow	20	1 Gallon	\$ 12.00	1-2'	1-2'	Full sun	Finely textured, fern-like gray-green foliage create a soft background for the tall heads of bright-red flowers. A proven performer in hot, dry situations with poor soil. Flower heads can be dried.
<i>Achillea x filipendulina</i>	'Coronation Gold'	Coronation Gold Yarrow	20	1 Gallon	\$ 12.00	3'	2'	Full sun	Vigorous tall growing yarrow with large flat deep golden-yellow flower heads. This non-reseeding variety blooms all summer and thrives with heat and sun in any soil including clay.
<i>Agastache barberi</i>	'Tutti Frutti'	Tutti Frutti Hummingbird Mint	18	4" Pot	\$ 7.00	2-2.5'	1-1.5'	Full sun	Tall 2-3' spires of raspberry pink will grace the garden border with this perennial herb. Sun loving and drought resistant. The mint-scented leaves that have a hint of lemon are a perfect backdrop for the large flower spikes of tubular blooms that appear midsummer to fall. Goldfinches, hummingbirds and butterflies will take turns visiting this garden delight!
<i>Agastache hybrid</i>	'Blue Fortune'	Blue Fortune Hyssop	12	Quart Pot	\$ 9.00	3'	1.5'	Full sun	Agastache 'Blue Fortune' is a European hybrid hyssop known for its vigor, cold hardiness, and adaptability to grow across much of the US. Blue Fortune Hybrid Hyssop's powder blue flower spikes are highly attractive to bees and butterflies.
<i>Agastache hybrid</i>	'Kudos Mandarin'	Kudos Mandarin Hummingbird Mint	15	1 Gallon	\$ 12.00	1.5'	1.5'	Full sun	This plant has showy, bright-orange flowers on short flower spikes which are highly attractive to hummingbirds. Its compact size and bushy habit gives it a neat and tidy appearance, while it blooms from early summer through September.
<i>Agastache hybrid</i>	'Rosie Posie'	Rosie Posie Hyssop	12	Quart Pot	\$ 9.00	1-2'	2-3'	Full sun	Its aromatic, bright green foliage grows into a densely compact, ball-shaped clump, much more refined looking than older cultivars.
<i>Ajuga reptans</i>	'Caitlan's Giant'	Caitlan's Giant	12	Quart Pot	\$ 8.00	.5'	1-2'	Filtered sun to full sun to partial shade and partial sun	An excellent spreading groundcover that forms a dense, carpet-like mat of lush foliage - even in shady areas! Large green leaves have attractive purple-bronze hues and feature deep blue flower spikes from spring to summer. Great for use in containers, around shrubs or between stepping stones. An herbaceous perennial.
<i>Ajuga reptans</i>	Feathered Friends 'Fancy Finch'	Carpet Bugle	30	Quart Pot	\$ 8.00	.5'	1'	Full shade to partial shade	The striking foliage of this evergreen ground cover provides excellent texture and glowing color to shady areas and sets off the cobalt blue blooms that appear in spring. The foliage will be orange with more sun exposure and will be shades of orange, yellow and lime-green in the shade.
<i>Alchemilla mollis</i>		Lady's Mantle	12	Quart Pot	\$ 10.00	1-2'	1-3'	Half sun/half shade and morning sun and afternoon shade	Lady's Mantle is a classic beauty long cherished for velvety, scallop-edged foliage and chartreuse blooms. Growing in soft mounds, the light green to olive foliage is ignored by deer and rabbits. Sprays of loosely clustered flowers create an airy halo above the plants in late spring and early summer. Lady's Mantle makes a lush groundcover and easy complement many other perennials. With a luxuriously soft, touchable texture, tuck these plants into a cottage gardens or grow at the edge of a path.
<i>Aquilegia chrysantha</i>	'Denver Gold'	Denver Gold Columbine	20	1 Gallon	\$ 12.00	2-3'	1-1.5'	Full sun to partial shade	The luminous yellow flowers are large with long spurs, giving them a distinctive butterfly appearance in the garden. The long stems of flowers float over clumps of lush, blue-green foliage. Denver Gold® columbine is surprisingly longer lived than most other columbines. It will reseed and naturalize in a garden and the seedlings are true to the form and color of the parent. This great columbine will flower from May to June and if deadheaded will flower again in the weeks of summer.
<i>Aquilegia flabelata</i> var. <i>pumila</i> f. <i>alba</i>	'White Angel'	White Angel Columbine	15	1 Gallon	\$ 12.00	6-8"	8"	Full sun to partial shade	Winner of Award of Garden Merit from the Royal Horticulture Society. Compact, low mounding, pure white chubby flowers, deer and rabbit resistant. Use in containers, borders, mixed perennial gardens, and rock gardens.
<i>Aquilegia vulgaris</i>	'Alba' (Munstead White)	Alba Columbine	15	1 Gallon	\$ 12.00	2-3'	1-2'	Full sun to partial shade	This quaint columbine brightens woodland edges and shady containers with spring-green kissed buds and pure white open blooms looking like tiny lit lanterns. Short spurs sprout atop this free blooming selection. Trim after bloom, allowing some to self-sow where happy.
<i>Aquilegia vulgaris</i>	'Heidi' (Antique Pink)	Heidi Columbine	20	1 Gallon	\$ 12.00	2-3'	1-2'	Full sun to partial shade	Columbine or Granny's Bonnet is a traditional English cottage garden plant. It is best known for its flowers, which are long lasting and lovely, but we grow it for its foliage. The glaucous scalloped leaves are extremely decorative and look fresh from early spring through late fall.
<i>Artemisia</i>	'Powis Castle'	Powis Castle Wormwood	10	1 Gallon	\$ 12.00	3'	3'	Full sun	This is a superb foliage plant with finely textured silver-gray foliage and an attractive mounding habit. Use this plant to accentuate ornamental grasses and other perennials with differently colored foliage. Drought resistant/drought tolerant plant

Scientific Name	Cultivar	Common Name	Quantity	Size	Price	Height	Width	Sun	Description
<i>Baptisia australis</i>		False Indigo	20	1 Gallon	\$ 12.00	3-5'	3-4'	Full sun to partial sun	Blue False Indigo is a large bush-like perennial, with dense clusters of deep blue flowers on long upright spikes. In its first few years this long-lived plant develops mostly below ground.
<i>Baptisia</i>	'Solar Flare' Prairie Blues	False Indigo	10	5" Pot	\$ 15.00	3-4'	3-4'	Full sun	Another bicolor blossom, but with a twist. Flowers open bright lemon yellow, but progress to soft orange with age, yielding stalks with two tones; deeper at the base, brighter at the top.
<i>Bletilla striata</i>	'Blue Dragon'	Blue Dragon Hardy Orchid	15	1 Gallon	\$ 20.00	1-2'	.5-1'	Partial sun to partial shade	it forms in spring time nonchalant tufts of leaves from which emerge stems adorned with small purplish blue flowers. A good plant for woodland gardens, it loves partial shade, in any good garden soil that remains cool. It will accompany perfectly the classic varieties of <i>Bletilla</i> such as <i>Bletilla striata</i> 'purple' or <i>Bletilla striata</i> 'alba'.
<i>Brunnera macrophylla</i>	'Alexander's Great'	Alexander's Great Siberian Bugloss	12	Quart Pot	\$ 20.00	1-2'	2-3'	Partial sun to partial shade	Artfully designed veining with some green margins provide character all season. A mist of sky blue flowers hover in sprays above the wide clump. May self seed, but seedlings with plain green leaves can easily be weeded out. Slightly moist, well-drained soil is best. Absolutely stunning! No perennial garden should be without <i>Brunnera</i> .
<i>Campanula punctata</i>	'Pink Octopus'	Pink Octopus Bell Flower	24	Quart Pot	\$ 18.00	1-2'	1-2'	Full sun to partial sun	Unique pink, octopus-shaped flowers swim above the upright, well-branched foliage in June and July. <i>Campanula</i> 'Pink Octopus' Bellflower is a one-of-a-kind groundcover that spreads vigorously by rhizomes.
<i>Carex laxiculmis</i>	'Bunny Blue'	Bunny Blue Sedge	9	1 Gallon	\$ 12.00	.5-1.2'	1-1.5'	Deep shade to partial shade	Creeping sedge is a native semi-evergreen to evergreen sedge that performs well in part shade to shade in medium to wet sites. It is found in moist wet woods in the eastern USA. It grows to 1 foot high and about as wide. Even though it is evergreen it will perform best if cut down in late winter. In addition, <i>Carex laxiculmis</i> is heat tolerant and flourishes well under dry shade conditions.
<i>Cichorium intybus</i>		Chickory	18	4" Pot	\$ 9.00	2-4'	1-2'	Full sun	Chicory is a perennial shrubby herb with stiff, angular branches. Flowerheads emerge all along the stems with light blue or white (occasionally pink), strap-shaped ray florets that are toothed at end. Blooms May-October. Basal leaves resemble those of dandelion, with a prominent center vein, triangular lobes, with deep, rounded sinuses. Leaves become much smaller above the base. Upper branch leaves may be entire, without stems, and narrow. This plant bleeds a milky latex. The hairs on leaves and branches may not be very conspicuous.
<i>Coreopsis grandiflora</i>	'Baby Sun'	Baby Sun Coreopsis	12	Quart Pot	\$ 12.00	1-2'	9"-1'	Full sun	A multitude of 2-inch, golden-yellow daisy flowers sits atop thready foliage from late spring to late summer if deadheaded promptly. This clump-forming perennial is native to the central and southeastern U.S. It is sometimes grown as an annual. It makes a beautiful cut flower, and its casual habit makes it valuable in cottage gardens, borders, containers, and meadows.
<i>Coreopsis verticillata</i>	'Moonbeam'	Moonbeam Coreopsis	12	Quart Pot	\$ 9.00	1-1.5'	1-1.5'	Full sun to partial sun	Freely produced soft yellow flowers are a charming addition to your sunny garden. Flowers appear singly on short stalks continuously blooming from early summer right into fall. The dainty, finely-cut foliage adds texture and an interesting contrast to surrounding perennials. <i>Coreopsis</i> spread slowly but surely and can be used in a naturalized planting on a sunny bank or in the traditional border. <i>Coreopsis</i> Moonbeam is lovely paired with <i>Echinacea</i> or <i>Campanula</i> . Road salt tolerant.
<i>Coreopsis verticillata</i>	'Zagreb'	Zagreb Coreopsis	12	Quart Pot	\$ 9.00	15-18"	15-18"	Full sun	Freely produced golden yellow flowers are a charming addition to your sunny garden. Blossoms of <i>Coreopsis</i> Zagreb appear on pure green slender foliage and continuously bloom from early summer right into fall. The dainty finely-cut foliage adds texture and an interesting contrast to surrounding perennials. They spread slowly but surely and can be used in a naturalized planting on a sunny bank or in the traditional border. <i>Coreopsis</i> is lovely paired with <i>Echinacea</i> or <i>Campanula</i> . Road salt tolerant.
<i>Dianthus gratianopolitanus</i>	'Firewitch'	Firewitch Diathus	24	Quart Pot	\$ 9.00	8-12"	8-12"	Full sun	Firewitch is an outstanding hybrid that features fragrant, magenta flowers which are perched upon tufted quills of grayish-blue evergreen foliage. Fantastic in rock gardens or when used as a foreground for foundations and borders. It is easily grown in any well drained soil, tolerates heat, attracts both butterflies and hummingbirds and is also deer resistant. Shear lightly after bloom to maintain a tidy, compact habitat.
<i>Echinacea purpurea</i>	'Ruby Star'	Ruby Star Coneflower	40	1 Gallon	\$ 12.00	2-3'	2'	Full sun	Flower petals are first held horizontally, then relax as the flowers age and the cone-like centers become more pronounced. The bright purple-pink, daisy-like flowers on sturdy stems make great cut flowers. An ideal choice for adding color to sunny, waterwise borders and mixed containers. An herbaceous perennial.

Scientific Name	Cultivar	Common Name	Quantity	Size	Price	Height	Width	Sun	Description
<i>Epimedium</i>	'Amber Queen'	Amber Queen Barrenwort	10	1 Gallon	\$ 26.00	1-2'	2-3'	Partial sun to shade	The airy, delicate-looking flowers have bright yellow spurs with orange-red centers, looking light orange from a distance. Flowers are produced along the length of the flower stems, which are up to 24" long. Bright green leaves have a bluish red color close to the crown. A great addition to the shady landscape that only gets better with time.
<i>Euphorbia x martinii</i>	'Ascot Rainbow'	Ascot Rainow Euphorbia	10	1 Gallon	\$ 20.00	1.5-2'	1.5-2'	Full sun to partial sun	Sensational sage and lime green foliage edged in an attractive yellow border that turns pink-flushed or peachy-salmon in colder months. Vibrant green and yellow striped bracts produce prolific, radiant red blooms throughout the warmer months. A heat-tolerant, fuss-free, waterwise choice for containers and mixed beds. Evergreen.
<i>Gaillardia pulchella</i>		Blanket Flower	36	4" Pot	\$ 6.00	1-2'	.5-1'	Full sun	The showy bicolored disc flowers have bold colors similar to those utilized by Native Americans in weaving blankets, hence the common name. The show stopping orange and red flowers appear from summer to fall adding brightness to the landscape for a long season and the nectar attracts butterflies. If the seed heads are left over winter they will be enjoyed by songbirds.
<i>Galium oderatum</i>		Sweet Woodruff	12	Quart Pot	\$ 9.00	.5-1'	Spread indefinitely	Full shade to partial sun	Attractive, low, spreading groundcover or pathway edging for shady gardens and woodland settings that spreads quickly with rich soil and ample moisture. Leaves and stems have a vanilla-like fragrance when dried. An herbaceous perennial.
<i>Geranium macrorrhizum</i>	'Bevan's Variety'	Bevan's Variety Hardy Geranium	10	1 Gallon	\$ 14.00	.8-1'	1-2'	Full sun to partial sun to shade	Bright fragrant magenta-pink blossoms with conspicuous veining and decorative deep red sepals highlight dense mounds of pine-scented foliage. The bronze and red fall foliage provides continued seasonal interest.
<i>Geranium x cantebriense</i>	'Biokovo'	Biokovo Hardy Geranium	12	Quart Pot	\$ 12.00	.5-1'	1-2'	Full sun to partial sun to shade	Dainty pink-flushed white flowers grace this hardy geranium from late spring into summer. Fragrant foliage becomes red-tinged in fall. Dwarf, ground-hugging form spreads gently by underground stems. Remains neat all season with little care. Thrives in cool summer climates. 2015 Perennial Plant of the Year. Semi-evergreen.
<i>Geranium x cantebriense</i>	'Karmina'	Karmina Hardy Geranium	12	Quart Pot	\$ 12.00	6-8"	1-2'	Full sun to partial sun to shade	Masses of deep rose flowers blanket the foliage from late spring to mid summer. Geranium Biokovo Karmina from the Biokovo Mountains in Europe makes a wonderful filler plant for any landscape. In fall the aromatic foliage takes on a red tint adding season extending interest.
<i>Geranium x cantebriense</i>	'Rozanne'	Rozanne Hardy Geranium	12	Quart Pot	\$ 14.00	1.5-2'	2-3'	Full sun to partial shade	Huge, glowing violet blue, saucer-shaped flowers with distinctive white eyes and reddish-purple veining are held above mounds of deep green foliage that is slightly marbled with chartreuse. The longest blooming perennials in the garden. It is an amazingly free-flowering cultivar as its flowers are sterile; it keeps the blooms coming from late spring into mid-fall.
<i>Helleborus</i>	'Golden Lotus'	Golden Lotus Lenton Rose	15	1 Gallon	\$ 26.00	1-2'	1-2'	Partial sun to shade	Its charming lotus-like double flowers will come in shades from yellow to chartreuse with some having red edges or streaking on their front and backs as well. A true delight in the garden, blooms begin appearing in winter and continuing well into spring contrasting nicely with the dark green, evergreen foliage. The long-lasting flowers are excellent for cutting and use in arrangements or to float in a bowl of water. You might be happy to know that Helleborus are deer and rabbit resistant, heat and cold tolerant (-30F), and will thrive in full to part shade and mostly sun in cooler climates.
<i>Heuchera americana</i>	'Green Spice'	Green Spice Coral Bells	10	1 Gallon	\$ 18.00	0.8-3'	1-2'	Partial sun to shade	Clump forming with broad green leaves bathed in a silvery overlay and edged with a darker green and red venation, this plant sends up spikes of small white flowers in mid June that attract swarms of butterflies and hummingbirds for their nectar. looks best planted in groups. Tolerant of dry shaded areas.
<i>Heuchera hyb.</i>	'Paris'	Paris Coral Bells	12	Quart Pot	\$ 14.00	10"	14"	Full sun or shade	This free-flowering cultivar produces a plethora of large, deep rose-pink flowers on 14 inch scapes beginning in late spring. Attracts Butterflies and Hummingbirds. Is native to North America, Small or Miniature
<i>Heuchera</i>	'Timeless Night'	Timeless Night Coral Bells	12	Quart Pot	\$ 14.00	.8-2'	1-2'	Full sun to partial sun to shade	The timeless beauty of night-purple Heuchera foliage matches flawlessly with the long-lived, brightly-colored flowers on Timeless Night Heuchera. The Timeless series of Heuchera, or coral bells, are beloved for their propensity to keep blooming all season long. Many gardeners select Heuchera for its foliage, but fall in love with the vibrant pink, bell-shaped flowers that absolutely pop against the purple leaves. A compact, clumping habit defines Timeless Night Heuchera, making it an excellent selection for borders or containers. This versatile plant can tolerate part or full shade in the south and part to full sun in the north. Hummingbirds are sure to buzz around this selection.

Scientific Name	Cultivar	Common Name	Quantity	Size	Price	Height	Width	Sun	Description
<i>Heuchera</i>	'Electra Lime'	Electric Lime Coral Bells	12	Quart Pot	\$ 14.00	1-2'	2-3'	Partial sun to shade	Huge Lime-Tinted Leaves, Forms a Tight Mound w/ Attractive Stems of Densely Packed, White Flowers, Sporting Red Veins in Cool Temperatures, Evergreen. A great summer shade accent, Butterflies, drought tolerant, deep south, heat & humidity tolerant, Winter color, Attracts hummingbirds
<i>Heuchera x villosa</i>	'Georgia Peach'	Georgia Peach Coral Bells	15	1 Gallon	\$ 18.00	1-3'	1-2'	Partial sun	It has oversized, round leaves boasting a mesmerizing silvery peach hue complemented by deep rose tints and intricate veining. As summer transitions into its peak heat, 'Georgia Peach' heuchera continues to flourish, demonstrating exceptional heat and humidity tolerance. While its peach foliage may mellow slightly, fear not, for it rebounds magnificently with a kaleidoscope of pink, red, and burgundy hues come autumn. Even through winter, in mild climates, this evergreen marvel maintains its vibrant color palette, offering year-round interest.
<i>Heuchera</i>	'Spellbound'	Spellbound Coral Bells	12	Quart Pot	\$ 14.00	.8-2'	1-2'	Full sun to partial sun	They are first and foremost a foliage plant that draws you in to study their large, ruffled leaves all season long. New leaves unfurl into a majestic rose-purple, ruffled glory to impress your garden guests. Because Spellbound grows a bit larger and develops multiple crowns...it makes a stunning backdrop for more petite offerings. The pointed, lobed foliage is so magical, especially when paired with black and silver-leaved plants in the landscape!
<i>Heucherella x</i>	'Dayglow Pink'	Dayglow Pink Foamy Bells	12	Quart Pot	\$ 14.00	.7-2'	1-2'	Full sun to partial sun	Cut, rounded medium to light green leaves with a slight chocolate center and bears masses of showy pink flowers in late spring/early summer. Tried and true with a neat compact habit.
<i>Hypericum calycinum</i>		St. John's Wort	12	Quart Pot	\$ 14.00	1-3'	1-2'	Full sun to partial sun	All St. Johns Wort's produce bright yellow flowers beginning in early summer, and many rebloom through the summer and fall. The newer varieties have seed pods that are very colorful and keep this plant interesting even when they're not in flower.
<i>Iberis sempervirens</i>	'Purity'	Purity Candy Tuft	15	1 Gallon	\$ 14.00	6"	15"	Full sun to partial shade	A springtime cover of snowy white flowers and deep evergreen foliage, benefits from a good snow cover; requires good drainage Purity Candytuft is smothered in stunning lightly-scented white flowers at the ends of the stems from mid to late spring. Its narrow leaves remain green in color throughout the year.
<i>Iris cristata</i>	'Powder Blue Giant'	Dwarf Crested Iris	45	Quart Pot	\$ 10.00	6-8"	12-15"	Partial sun to partial shade	A giant for this species, it parades more vigorous flowering with huskier blooms. This charmer still maintains the petite stature of Dwarf Crested Iris. Soft lavender-blue 3" wide flowers with golden crests provide a carpet of color each spring.
<i>Laurentia fluviatilis</i>	'Alba'	White Star Creeper	18	4" Pot	\$ 5.00	1-2"	6-12"	Full sun to partial shade	This little creeping perennial forms a flat carpet of tiny green leaves, smothered with starry, white flowers all summer long. Ideal for planting between paving stones, in the rock garden or as a lawn substitute. Even worth growing as an annual in cold-winter regions.
<i>Laurentia</i>	'Blue Star Creeper'	Blue Star Creeper	18	4" Pot	\$ 5.00	2-3"	1-2'	Full sun to afternoon shade	Tiny green leaves form a lush, low-growing mat perfect for between stepping stones, under shrubs, or difficult sites. This fast-spreading groundcover has hundreds of sweet, long-blooming flowers in summer. Blue star creeper tolerates foot traffic, making it an excellent lawn alternative for those looking to add more color and texture to their landscape.
<i>Leucanthemum superbum</i>	'Alaska'	Alaska Shasta Daisy	36	4" Pot	\$ 6.00	2-3'	2'	Full sun	A long-lived, sun-loving perennial with frilly white petals surrounding a cheery, yellow center. This Daisy is a hardy perennial that grows in neat clumps of gorgeous deep green leaves! Living large, these blooms rise to the occasion on long stems full of fringy longer petals than other Daisy varieties! The flowers begin to appear in late spring and continue on for several months. With just a bit of meditative deadheading every week
<i>Mazus reptans</i>		Creeping Mazus	18	4" Pot	\$ 5.00	3-4"	1"	Full sun to half sun to half shade	Quick to fill in, forms a dense mat of twisty green foliage. Mini orchid-like purple flowers have three-fingered petals with one curving upwards. Sports a central leopard spotted highlight. Will tolerate some foot traffic.
<i>Monarda citriodora</i>		Lemon Mint/ Lemon Beebalm	18	4" Pot	\$ 6.00	1-3'	.9-1'	Full sun to partial sun	Plants form dense pink / light purple blossoms five to six inches tall, and like the name suggest, bees absolutely love this stuff. Has similar plant uses to Bergamot Lavender; plant foliage has an oregano scent when crushed. Bulk seed sizes are certified organic.
<i>Monarda didyma</i>	'Purple Rooster'	Purple Rooster Bee Balm	40	Quart Pot	\$ 10.00	2-3'	1-2'	Full sun to partial sun	Royal purple flowers bloom all summer on sturdy stems and strut their stuff with no staking. We like to crow about the mildew-resistant foliage too! Their vibrant color and endearing shaggy blossoms provide nice texture and contrast to surrounding summer blooming perennials. Monarda Purple Rooster adds a nice color addition to the Monarda family. Foliage will release a spicy fragrance when crushed and can be used to make herbal tea.

Scientific Name	Cultivar	Common Name	Quantity	Size	Price	Height	Width	Sun	Description
<i>Nepeta</i>	'Junior Walker'	Junior Walker Catmint	12	Quart Pot	\$ 9.00	1-1.5'	2.3-3'	Full sun to partial sun	A superb compact selection with finely textured, aromatic, gray-green foliage and soft, lavender flower spikes on a low, spreading habit. A sterile dwarf form of Walker's Low Catmint. Excellent for cascading off walls or container edges and as groundcover that tolerates periodic drought, when well-established. An herbaceous perennial.
<i>Nepeta kubanica</i>	'Neptune'	Neptune Catmint	14	1 Gallon	\$ 12.00	8-12"	8"	Full sun	This fantastic new dwarf catmint packs a punch with big, violet-blue flowers and big, fresh green leaves on a diminutive form. Quickly reblooms late summer into fall if deadheaded promptly. Dense, upright and never floppy like many other catmints, perfect for a perennial border, wildlife garden or mixed container. An herbaceous perennial.
<i>Nepeta x faassenii</i>	'Walker's Low'	Walker's Low Catmint	12	Quart Pot	\$ 9.00	3'	3'	Full Sun to Partial Shade	Purple-blue flowers bloom early summer to early fall, dead-heading extends bloom time, fragrant gray-green foliage, deer and rabbit resistant, winner of Award of Merit of Royal Horticultural Society and Perennial Plant of the Year Award . Use in mixed beds, borders, edging, as ground cover, rock gardens, and cottage gardens.
<i>Paeonia cvs.</i>	'Canary Brilliants'	Canary Brilliants Itoh Peony	6	3 Gallon	\$ 79.00	2.5-3'	2-3'	Full sun	Creamy yellow with apricot hues in center, semi-double to double, lightly fragrant, midseason.
<i>Paeonia cvs.</i>	'Cora Louise'	Cora Louise Itoh Peony	6	3 Gallon	\$ 79.00	2-3'	3-4'	Full sun to partial sun	White with deep lavender flares, semi-double, lightly fragrant, midseason, 24" tall, intersectional. A striking contrast of lavender flares in this white bloom. Dark green, deeply cut foliage. Rare.
<i>Paeonia cvs.</i>	'Julia Rose'	Julia Rose Itoh Peony	6	3 Gallon	\$ 84.00	2-3'	2-3'	Full sun to partial sun	Gorgeous, large, double flowers stand above the vigorous, lush, toothed, green foliage on sturdy stems that require no staking. The epitome of romance with pleasantly fragrant, slightly spicy blooms of soft apricot petals, blended reddish purple tips, and yellow centers. A wonderful addition to any spring bouquet. An herbaceous perennial.
<i>Paeonia lactiflora</i>	'Duchesse De Nem'	Duchesse De Nemours Garden Peony	6	3 Gallon	\$ 49.00	2-3'	2-3'	Full sun to partial sun	Duchesse de Nemours is a fluffy white peony with flowers that produce a wonderful fragrance. Once blooming, the flowers are around 5 to 6 inches wide. The classic bright white colours of the flowers make it very well suited for a bridal bouquet. The flowers are medium-sized, which allows Duchesse de Nemours to easily go together with other peonies. A staple peony to have in your garden.
<i>Paeonia lactiflora</i>	'Festiva Maxima'	Festiva Maxima Garden Peony	6	3 Gallon	\$ 49.00	2-3'	2-3'	Full sun	Large white flowers, handsome foliage, and enchanting fragrance are the hallmarks of this beloved early-season peony. Burgundy spring foliage and yellow fall color add to the charm of 'Festiva Maxima'. Makes a stunning specimen in the early summer garden. Strong stems are excellent for cutting.
<i>Paeonia lactiflora</i>	'Laura Dessert'	Laura Dessert Garden Peony	6	3 Gallon	\$ 49.00	2-3'	2-3'	Full sun to partial sun	One of the first varieties bred to add some yellow to the peony garden. Blooming in the early midseason, the anemone-form flowers appear pink in bud, but as they open the guard petals turn creamy white. At the center a large tuft of petaloids open a light lemon-yellow color. A very floriferous, moderately fragrant peony of medium height and neat contrasting dark green foliage. Needs no staking
<i>Penstemon</i>	'Electric Blue'	Electric Blue Foxglove Beardtongue	12	Quart Pot	\$ 12.00	15-18"	10-12"	Full sun to half sun to half shade	lowering spikes with trumpets of vivid blue. Carefree and drought resistant, this Penstemon sports an interesting purple blush at the stems. Glossy green foliage is a nice complement. Flowers first year. Attractive glossy deep green foliage. Requires a well-drained soil.
<i>Phlox divaricata</i>	'Blue Moon'	Blue Moon Woodland Phlox	10	1 Gallon	\$ 12.00	8-12"	10-12"	Half sun to half shade to full shade	'Blue Moon' is a lovely native Phlox groundcover featuring clouds of rich violet-blue blooms that float above green foliage. With fragrance to wake up your senses, it flowers in April May. Its a perfect addition to a rock garden or any shady spot where it can slowly naturalize. Provides early season pollen for hummingbirds and butterflies.
<i>Phlox divaricata</i>	'May Breeze'	May Breeze Woodland Phlox	10	1 Gallon	\$ 12.00	1-2'	1-2'	Partial sun	This plant produces showy, loose clusters of fragrant, pale blue, almost white, flowers on upright stems of narrow leaves. Also known as Woodland Phlox or Wild Blue Phlox, its early spring blooms are highly attractive to early butterflies and other pollinators. Plants spread via rhizomes to form colonies. Phlox 'May Breeze' is a great performing perennial that can take some sun, making it excellent as a filler between spring bulbs.
<i>Phlox laniculata</i>	'Jeana'	Jeana Garden Phlox	50	6" Pot	\$ 10.00	3-4'	2-3'	Full sun, morning sun to afternoon shade	Phlox Jeana is a new garden phlox introduction notable for its multi-month bloom time and colorful lavender-pink clusters of sweet fragrant flowers. It is also exceptionally cold hardy and highly attractive to butterflies.

Scientific Name	Cultivar	Common Name	Quantity	Size	Price	Height	Width	Sun	Description
<i>Phlox subulata</i>	'Emerald Pink'	Emerald Pink Creeping Phlox	10	1 Gallon	\$ 12.00	4-6"	1-2'	Full sun	Famous for its blazing pink blooms and evergreen foliage that work together beautifully as a groundcover or colorful landscape accent. Allowed to spill and trail over walls, slopes, and container edges, low-growing 'Emerald Pink' will bring the garden to life while cleverly hiding any trouble spots. Drought-tolerant, deer resistant and extremely easy to grow.
<i>Phlox subulata</i>	'McDaniel's Cushion'	McDaniel's Cushion Creeping Phlox	10	1 Gallon	\$ 12.00	4-6"	1'	Full sun	Brilliant rose-pink flowers engulf the mat-forming evergreen foliage in spring. An RHS award-winning fragrant edger, it is also lovely when allowed to drape over a low stone wall or cascade down a slope. Over time, Phlox McDaniel's Cushion will continue to spread so give it plenty of elbow room.
<i>Phlox subulata</i>	'Violet Pinwheel'	Violet Pinwheel Creeping Phlox	10	1 Gallon	\$ 12.00	4-5"	2-3'	Full sun	This groundcover Phlox is a hybrid that behaves similarly to <i>Phlox subulata</i> , but with a more intense, fantastic flower color than you would expect from the classic varieties. Violet purple flowers nearly glow with intensity when it is in bloom.
<i>Physalis alkengi</i>		Chinese Lantern	9	1 Gallon	\$ 12.00	2-3'	2-3'	Full sun to half sun to half shade	Presenting a highly ornamental perennial that's prized for its unique, eye-catching seedpods. Chinese Lantern produces plenty of 1-1½" white flowers with yellow stamens in the mid weeks of summer, but it's the winsome inflated seed coverings that follow that really cause a stir. Plant Chinese Lantern along walkways or in a decorative container to create a charming display of color and style. A fast growing perennial for the landscape. Deer tend to avoid.
<i>Polygonatum biflorum var. communatum</i> Syn. <i>Giganteum</i>		Giant Solomon's Seal	20	1 Gallon	\$ 18.00	4-5'	1-2'	Partial sun to shade	This plant has tall, upright, arching graceful stems of deep green, narrow leaves that provide a lovely architectural form in the garden. In early summer, pairs of elongate white bell flowers dangle from each leaf node. These are followed by blue-black berries in fall that will be eaten by birds.
<i>Podophyllum peltatum</i>		Mayapple	15	1 Gallon	\$ 14.00	1-1.5'	.75-1'	Partial to full shade	Mayapple is unique in that it has only 2 leaves and 1 flower, which grows in the axil of the leaves. The large, twin, umbrella-like leaves of mayapple are showy and conspicuous. The solitary, nodding, white to rose-colored flower grows in the axil of the leaves and has 6-9 waxy white petals, with many stamens. The nodding fruit is a large, fleshy, lemon-shaped berry.
<i>Pulmonaria</i>	'Silver Scimitar'	Silver Scimitar Lungwort	12	Quart Pot	\$ 18.00	8"	2"	Partial shade to full shade	Large arching silver green foliage with wavy edged strap like foliage. Full landscape sized plant, vigorous and fast, 'Silver Scimitar' has a stately presence. Emerges each spring in a tight mound covered in bicolor pink and purple flowers, an early season hummingbird favorite. Performs well in both shade and full sun, perfect for borders and edges.
<i>Pulmonaria x</i>	'Trevi Fountain'	Trevi Fountain Lungwort	12	Quart Pot	\$ 18.00	1'	2'	Full shade to partial shade	Profuse clusters of showy cobalt-blue spring flowers and silver-spotted leaves add showy color to shady borders. A very useful groundcover under shrubs and along pathways. Works well to create a lush underplanting to hostas and ferns. An herbaceous perennial.
<i>Rohdea japonica</i>		Japanese Sacred Lily	100	4" Pot	\$ 5.00	2'	2'	Full shade to partial shade	It is a highly prized and cherished plant in Japan where it has been cultivated for over 500 years. It is a "good fortune" plant and is frequently given as a housewarming or birthday gift. It is a highly prized and cherished plant in Japan where it has been cultivated for over 500 years. It is a "good fortune" plant and is frequently given as a housewarming or birthday gift. It is a highly prized and cherished plant in Japan where it has been cultivated for over 500 years. It is a "good fortune" plant and is frequently given as a housewarming or birthday gift.
<i>Rudbeckia fulgida</i>	'Little Goldstar'	Little Goldstar Black Eyed Susan	70	4" Pot	\$ 10.00	14-16"	14-16"	Full sun to partial sun	A knee-high Black-Eyed Susan, with star-shaped golden yellow flowers. Flowers are produced over dark green foliage for a long time.
<i>Rudbeckia triloba</i>	'Prairie Glow'	Prairie Glow Black Eyed Susan	12	Quart Pot	\$ 9.00	3-4'	1-2'	Full sun	Spicy burnt orange red blooms tipped in glowing yellow surround a chocolate disk. Blooms sway on heavily branched burgundy stems. Pairs nicely with taller grasses and goldfinches love the seed. In meadows, along the roadside or in your garden bed, Rudbeckia are one of the most versatile and recognized perennials. Picture-perfect punctuated with butterflies.

Scientific Name	Cultivar	Common Name	Quantity	Size	Price	Height	Width	Sun	Description
<i>Rumex sanguineus</i>		Bloody Sorrel	18	4" Pot	\$ 5.00	1-1.5'	1-1.5'	Full sun	Blood sorrel, also known as bloody dock or red-veined dock is a striking bright green, red-veined herbaceous perennial, culinary green, and aromatic herb. One of the first greens to emerge in the spring and last to go come fall and ever ready to put out tender new upright growth provided you supply encouragement by cutting it back. The taste is similar to other sorrels due to its oxalic acid content, tangy with a slightly acidic/lemony bite, and is lovely added to salads and sandwiches when young and tender or into soups, gratins, and sauces when more mature. Among the most ornamental of sorrels, you will find it to be just as happy in your flower garden. And if you ever find yourself on the verge of scurvy, this one here will supply the vit C you need! Appreciates consistent watering but is forgiving if you or the heavens forget. Though perennial in our area it is usually cultivated commercially as an annual for a continuous supply of tender baby leaves.
<i>Salvia elegans</i>	'Pineapple'	Pineapple Sage	10	1 Gallon	\$ 12.00	3-5'	3-4'	Full sun	Although the plant will die down to the ground with the first frost, it will grow back the next spring in mild climates. It is not recommended to grow pineapple sage from seed unless started indoors and set out as a well developed plant. Stem cutting is another propagation strategy. Pineapple sage is a hummingbird favorite, blooming in late summer to early fall when food sources may be less abundant. The edible flowers have a sweet, fruity flavor with a hint of mint and spice and smell like pineapple when crushed.
<i>Salvia elegans</i>	'Golden Delicious'	Golden Delicious Pineapple Sage	10	1 Gallon	\$ 12.00	3-4'	2-3'	Full sun to partial sun	Bright, pineapple-scented yellow foliage on a very heat tolerant plant. Fire engine red flowers may appear in Fall for Southern growers or others with a long season.
<i>Salvia elegans</i>	'Honey Dew'	Honey Dew Pineapple Sage	10	1 Gallon	\$ 10.00	2'	2'	Full sun to partial sun	Showy red fragrant flowers, blooms summer to fall, attracts hummingbirds and bees. Great in a mixed perennial garden, kitchen gardens, in large containers, and is deer and rabbit resistant.
<i>Salvia leucantha</i>	'Santa Barbara'	Mexican Bush Sage	30	1 Gallon	\$ 12.00	2-3'	2-3'	Full sun to partial sun	Lovely violet flower spikes adorn this upright shrub nearly year round; cut back annually in late winter to maintain upright form; very fast growing and vigorous; excellent cut or dried flower for arrangements
<i>Salvia</i>	'Radio Red'	Radio Red Salvia	10	1 Gallon	\$ 12.00	2-3'	3'	Full sun	With stunning crimson-red blooms over a long season, this salvia deserves a prominent location in a garden setting. More compact, with larger flowers than similar varieties such as Furman's Red. Kept lightly clipped, it can be utilized as a low informal hedge or as a single specimen in a border or container garden. An herbaceous perennial.
<i>Salvia greggii</i>	'Sierra San Antonio'	Sierra San Antonio Salvia	10	1 Gallon	\$ 12.00	2-4'	2-4'	Full sun	A semi-evergreen shrub that forms a compact mound. Mid-green leaves are slender, shiny and fragrant. Tall stalks carry two-lipped, bi-colored flowers in yellow and peachy pink. Blooms from summer to fall. Attracts pollinators and beneficial insects.
<i>Salvia greggii</i>	'Wild Thing'	Wild Thing Salvia	10	1 Gallon	\$ 12.00	1.5-2'	1.5-2'	Full sun	Long blooming from June to October - this Salvia Wild Thing produces masses of hot cherry-red to magenta flowers with purple highlighting calyces over lustrous green aromatic foliage. Semi-evergreen. Hummingbirds and butterflies adore the blossoms.
<i>Salvia x</i>	'Amistad'	Amistad Salvia	20	1 Gallon	\$ 14.00	3-5'	4-6'	Full sun	A large growing sage that blooms for several months with huge violet-purple flowers that attract hummingbirds. If Salvia Amistad is outside of your USDA growing zone, it can be grown in pots as an annual (it has vigorous growth in the first year) and it can often overwinter in a garage.
<i>Sanguinaria canadense</i>		Bloodroot	20	1 Gallon	\$ 14.00	6-8"	3-6"	Half sun to half shade to full shade	Bloodroot's unique, cigar-shaped leaves slowly unfurl and open into large, water lily-like foliage. Bearing pristine white flowers with golden-yellow centers, Bloodroot illuminates the garden floor with breathtaking springtime beauty. Happiest with partial shade and moist soils, Bloodroot gets its name from the crimson sap that flows through its roots and stems.
<i>Sisyrinchium angustifolium</i>		Blue Eyed Grass	15	1 Gallon	\$ 18.00	1-2'	.5-1'	Full sun to partial sun	It occurs naturally in wet flatwoods, wet prairies and moist open habitats throughout Florida. Its dainty, star-shaped flowers bloom winter through summer. The flowers attract a variety of pollinators, including bumblebees, sweat bees, and other native bees and flies. Birds eat the seeds.
<i>Santolina virens</i>		Green Santolina	10	1 Gallon	\$ 10.00	1-2'	2-3'	Full sun	A Mediterranean herb with fine aromatic foliage that resembles Rosemary. The plant is covered with showy yellow button-shaped flowers in mid to late spring. The mounding evergreen foliage is an attractive groundcover that's completely deer and rabbit resistant, and the fragrant foliage and flowers can also be used in sachets. Ideal for gardens with hot, dry summers, and full sun.

Scientific Name	Cultivar	Common Name	Quantity	Size	Price	Height	Width	Sun	Description
<i>Santolina incana</i>	'Nana'	Nana Gray Santolina	10	1 Gallon	\$ 10.00	15"	12"	Full sun to light shade	Semi-woody evergreen perennial with silvery-gray, fragrant foliage and a compact, globe-like growth habit. Half-inch, yellow button flowers bloom in early summer. Commonly called Lavender Cotton, <i>Santolina incana</i> 'Nana' is nice for outlining knot gardens or edging walkways. Plants should be pruned after blooming and pinched frequently to maintain their shape.
<i>Stachys</i>	'Helene von Stein'	Lamb's Ear	20	1 Gallon	\$ 10.00	8"	12-18"	Full sun and afternoon shade	<i>Stachys byzantina</i> 'Helen von Stein' makes a great foliar accent as it is grown for its large, fuzzy, silver leaves. This is a great edging plant with a uniform, mounding habit. Non-blooming so it doesn't reseed. Drought resistant/drought tolerant plant
<i>Stachys monieri</i>	'Hummelo' (Betony)	Hummelo Betony Lamb's Ear	20	1 Gallon	\$ 10.00	1-2'	1.5-2'	Full sun, morning sun and afternoon shade	<i>Stachys monieri</i> 'Hummelo' (Betony) has small dense violet flower spikes that emerge atop upright, mostly leafless stems, over mounds of glossy dark green foliage. Semi-evergreen, it forms large basal clumps of long, narrow leaves, garden-worthy even when not in bloom. It's a pollinator-friendly, easy-to-grow perennial that will garner attention in a sunny spot.
<i>Sempervivum</i>	'Gold Mine' Chick C	Hens and Chicks	25	4" Pot	\$ 6.00	3"	10"	Full sun to partial shade	'Gold Mine' features Golden Yellow edges with a deep red center. A great addition for rock gardens, wall plantings, borders, ground covers as well as for patio planters.
<i>Sempervivum</i>	'Steel Appeal' Chick	Hens and Chicks	40	4" Pot	\$ 6.00	3"	10"	Full sun to partial shade	'Steel Appeal' features gray blue edges with a magenta pink center. A great addition for rock gardens, wall plantings, borders, ground covers as well as for patio planters.
<i>Teucrium Fruiticans</i>		Tree Germander	10	3 Gallon	\$ 26.00	4-8'	4-8'	Full sun	a spreading evergreen shrub with arching velvety white shoots, glossy aromatic leaves and pale blue flowers in summer.
<i>Tiarella</i>	'Elizabeth Oliver'	Elizabeth Oliver Foam Flower	12	Quart Pot	\$ 14.00	1-1.5'	1'	Full shade to partial sun	This striking selection has deeply-lobed leaves with heavy maroon markings and light pink flowers. Once kept as a secret known only to woodland gardeners, foamflowers have emerged from the North American forest to take a new place in our landscape. Tough, evergreen and tolerant of the deepest shade, Tiarellas are finding a home next to Hostas in many a garden.
<i>Tiarella hybrid</i>	'Sugar and Spice'	Sugar and Spice Foam Flower	12	Quart Pot	\$ 14.00	.8-1'	.8-1'	Partial sun and shade	Shiny, lacquered, deeply-lobed foliage has a lacy appearance. Each bright green leaf has a dark, bold burgundy center marking. Spikes of foamy pale pink and white flowers hover above the foliage. A necessity in woodland and shade gardens. An herbaceous perennial.
<i>Trillium luteum</i>		Yellow Trillium	20	1 Gallon	\$ 18.00	12-16"	12"	Half sun to half shade to full shade	Yellow Trillium has stunning, rich green leaves spotted with silver. Its bright yellow blooms appear in the center of each leaf, with the petals rising upward.
Vegetables									
<i>Allium ampeloprasum</i>	'King Richard'	Leeks	12	6-Pack	\$ 5.00	1'	1"	Full sun	This onion relative has compact stems that thicken but do not form bulbs like onions. 'King Richard' produces extra long white stems early. Enjoy fresh, grilled, sautéed, and added to soups and stews.
<i>Apium graveolens</i>	'Tango'	Tango Celery	6	6-Pack	\$ 5.00	1-2'		Full sun to Partial shade	Technically a biennial that produces seeds in its second year, celery is usually grown as an annual to harvest its crunchy, edible stalks. Preferring a long season of cool weather, it can be a little tricky to grow, but the flavor of garden-fresh celery is unbeatable. Stems, leaves and seeds are all edible, so don't throw any of this plant away during harvest! White flowers attract pollinators and beneficial insects and will emerge in the second season in the shape of an umbel if allowed to continue growing for seed-saving.
<i>Beta vulgaris</i>	'Five Color Silverbe	Rainbow Swiss Chard	12	6-Pack	\$ 5.00	1-2'	1-2'	Full sun to Partial shade	This bright color mix provides colorful stems and leaves, often with deep red veins. Not only colorful, the stems and leaves provide delicious flavor packed with nutrition. Enjoy tender, baby greens in as little as 20 days. A welcome addition to vegetable gardens, flower beds, and containers.
<i>Brassica oleracea var. botri</i>	'Snowball Y'	Cauliflower	12	6-Pack	\$ 5.00	2-3'	1'	Full sun	Flavorful, 6" snow-white heads in just 70 to 80 days means 'Snowball Y' is successful in short-season areas. The leaves naturally curl nicely around the heads providing self-blanching and protection from sun scald. Mature heads hold well in the garden, so they don't all have to be picked at once.
<i>Brassica oleracea var. itali</i>	'De Cicco'	Broccoli	12	6-Pack	\$ 5.00	30-36"	12"	Full sun	De Cicco is an excellent choice for extended harvests for home gardeners. Vigorous plants yield 3-4", blue-green heads. After cutting the main head, more side shoots develop, producing many more small to medium-sized heads through the summer. Good for steaming, stir-fries and for freezing. Sow indoors six weeks before transplanting outdoors.

Scientific Name	Cultivar	Common Name	Quantity	Size	Price	Height	Width	Sun	Description
<i>Brassica oleracea var. capitata</i>	'Copenhagen'	Cabbage	12	6-Pack	\$ 5.00	12-16"	24"	Full sun to part shade	Quick-to-mature cabbage heads are 6"-8" in diameter and 3-4 pounds, tightly wrapped, and perfect for small gardens. Adaptable to a range of climates. Resists splitting and stores up to 6 months.
<i>Brassica oleracea var. capitata</i>	'Integro'	Cabbage	6	6-Pack	\$ 5.00			Full sun to part shade	A mid-late red with good flavor. Medium-size heads have a uniform, high-round shape. The leaves are thick and crisp, but not tough. Long-standing in the field. Short core.
<i>Brassica oleracea var. capitata f. rubra</i>	'Red Acre'	Red Cabbage	12	6-Pack	\$ 5.00			Full sun to part shade	Perk up cole slaw or your favorite stir-fry with this gorgeous, deep-red cabbage. The sweet flavor of cabbage fresh from the garden is much better than store-bought. Solid heads form early on small, compact plants making 'Red Acre' an ideal choice for small gardens. Resistant to splitting and cabbage yellows disease. Heads store exceptionally well in the refrigerator or root cellar.
<i>Brassica oleracea var. gemmifera</i>	'Purple Vienna'	Kohlrabi	6	6-Pack	\$ 5.00	10-12"	8-10"	Full sun	Enlarged, bulblike portion of stem forms just above soil surface. Flavor is between an apple and a mild turnip. 'Purple Vienna' has a reddish-purple, slightly flattened globe with tender white interior.
<i>Brassica oleracea var. sabauda</i>	'Darkibor'	Kale	6	6-Pack	\$ 5.00	2-3'	1-1.5'	Full sun	Similar to Winterbor F1, these tall plants provide high yields of densely curled greens. Vigorous plants hold well into cold weather and are suited to overwintering production in Southern climates.
<i>Brassica oleracea var. viridis</i>	'Top Flash'	Collards	6	6-Pack	\$ 5.00	16-23"	16-32"	Full sun	Collards prefer a fertile, well-drained soil high in organic matter with a pH range of 6.0-7.5. Consistent moisture will produce the best quality leaves. In the South, collards are best for fall, winter, and early spring harvests, to avoid the temperature extremes of midsummer—even though they will tolerate some measure of heat. Because collards are very cold tolerant, they also do well in the North, where their flavor is enhanced by frost and cold weather.
<i>Brassica rapa var. pekinensis</i>	'One Kilo Slow Bolt'	Napa Cabbage	12	6-Pack	\$ 5.00	9-20"	11-7"	Full sun to partial shade	Outer leaves are green and white with a yellowish-green interior. Leaves have a lightly crinkled texture at maturity and have a sweet flavor. Mature, trimmed heads weigh 2-2½ pounds. 'One Kilo Slow Bolt' is a wong bok/napa type cabbage.
<i>Brassica rapa var. ruvo</i>		Rapini/Broccoli Raab	6	6-Pack	\$ 5.00	10-15"	8-10"	Full sun	There is a good reason the Europeans love Rapini; the tender stems, buds, flowers, and leaves have a wonderfully delicate and slightly bitter, peppery broccoli flavor, that can be enjoyed in salads, stir-fries, or steamed. Budding florets should be harvested just before the flowers open for best flavor.
<i>Capsicum annuum</i>	'California Wonder'	Sweet Bell Pepper	12	4" Pot	\$ 3.00	4"	3.5"	Full sun	Tall, sturdy plants produce good yields of blocky, thick-walled fruits. A delicious green pepper that ripens to a vibrant red.
<i>Lactuca sativa</i>	'Breen', 'Dragon', 'Truchas'	Romaine	12	6-Pack	\$ 5.00				Crisp, juicy, and sweet mini-romaine lettuce. Green, bronze-red, and dark-red.
<i>Lactuca sativa</i>	'Buttercrunch'	Butterhead	6	6-Pack	\$ 5.00	3-5"	5-6"	Full sun to partial shade	Buttercrunch butterhead lettuce seeds are a Bibb type lettuce that forms a tight little rosette of soft, dark-green, upward-facing leaves surrounding a tender, pale centre. The small hearts don't become bitter in hot weather. Later plantings stand well into fall and make good growth in spring cold frames.
<i>Lactuca sativa</i>	'Marvel of Four Seasons'	Butterhead	6	6-Pack	\$ 5.00	6-8"	8-12"	Full sun to partial shade	Both tasty and attractive, this 1800s French heirloom also known as Merveille de Quatre Saisons has tender, sweet leaves that are green at the base, turning to a beautiful cranberry-red, and forming a crinkly rosette that almost looks like a flower! If kept moist, it won't turn bitter when heat arrives. Rosettes are 8"-12" in diameter, good for large containers.
<i>Lactuca sativa</i>	'Speckled Bibb'	Butterhead	6	6-Pack	\$ 5.00	1'	1'	Full sun	An ornamental bibb of spectacular beauty, its apple-green leaves splashed with maroon flecks, a stunner whether in your garden, on your table or in your salad. Small firm mild-flavored 10" heads shaped like Merveille des Quatre Saisons, centers with soft leaves blanching creamy yellow.
<i>Solanum lycopersicum</i>	'Black Krim'	Black Krim Tomato	15	Quart Pot	\$ 5.00	4-6'	3-4'	Full sun	Heirloom tomatoes are bred for their flavor and simple preparation best allows that intense flavor to shine through. Tomatoes can be sliced and drizzled with olive oil, balsamic vinegar, and salt and pepper or layer slices with basil and mozzarella for a Caprese salad.
<i>Solanum lycopersicum</i>	'Box Car Willie'	Box Car Willie Tomato	15	Quart Pot	\$ 5.00	5-6'		Full sun	Boxcar Willie Tomato Plants are prolific producers of smooth, reddish-orange fruits with that wonderful old-fashioned tomato flavor. The 12-16-ounce tomatoes are great for slicing, canning or freezing. It is an easy-to-grow variety that is resistant to many common tomato diseases. Its been an heirloom favorite for generations!
<i>Solanum lycopersicum</i>	'Green Zebra'	Green Zebra Tomato	15	Quart Pot	\$ 5.00	3-8'	2-3'	Full sun	collards prefer a fertile, well-drained soil high in organic matter with a pH range of 6.0-7.5. Consistent moisture will produce the best quality leaves. In the South, collards are best for fall, winter, and early spring harvests, to avoid the temperature

Scientific Name	Cultivar	Common Name	Quantity	Size	Price	Height	Width	Sun	Description
<i>Solanum lycopersicum</i>	'Pineapple'	Pineapple Tomato	15	Quart Pot	\$ 5.00	6-8'	1.5-2'	Full sun	The Pineapple tomato is universally loved for its size, taste, and its beauty. It can grow 2-pound whoppers with stunning variegated yellow, orange, and red streaks. The flavor is fruity, sweet, and mild, taking about 85 days until harvest. Indeterminate.
Herbs									
<i>Allium schoenoprasum</i>		Chives	18	4" Pot	\$ 4.00	1-2'	1-2'	Full sun to partial sun	Chives are a bulbous perennial herb used as an ornamental or as a culinary herb. It has an edible flower and leaves that are used for flavoring with eggs, soups, salads, butter, cheese, dips, spreads, etc. Harvest the leaves by clipping them off at the base so as to maintain the attractiveness of the clumps. Clumps can be divided easily in the spring or fall and they will easily self-seed in the garden.
<i>Foeniculum vulgare</i>		Bronze Fennel	18	4" Pot	\$ 4.00	4'	4'	Full sun to partial sun	The soft wispy leaves of Bronze Fennel add a lot of visual interest in the flower or herb garden. With a height of four feet and a breadth almost as great, Bronze Fennel makes the perfect back of the border plant for cottage gardens.
<i>Lavandula x intermedia</i>	'Grosso'	Grosso Lavender	10	3 Gallon	\$ 44.00	2-3'	2-3'	Full sun	Grosso Lavender is probably the most planted and cultivated lavender in the world. It is used mainly in the production of oil used cosmetically. Planting close together makes a nice hedge and can be good for commercial crops where land is valuable, but blooms will be sacrificed as it crowds up against its neighbor.
<i>Lavandula x intermedia</i>	'Phenomenal'	Phenomenal Lavender	10	3 Gallon	\$ 44.00	3'	2-3'	Full sun	Phenomenal Lavender has it all: exceptionally tolerant of both high heat and harsh winter, this easy-to-grow lavender even shows resistance to the effects of humidity. Highly fragrant with concentrated essential oils, Phenomenal's spikes of purple-blue flowers attract butterflies and bees to the garden. Edible, deer-resistant and fast-growing, this silver-leaved lavender has left all other new introductions in the dust!
<i>Lavandula x intermedia</i>	'Provence'	Provence Lavender	10	3 Gallon	\$ 44.00	2'	2'	Full sun	A highly fragrant evergreen shrub with gray-green foliage and abundant purple flower spikes. A wonderful addition to dry, sunny borders and gardens. Useful as hedge or edging in herb gardens. Highly effective in mass plantings. Flowers may be dried and crushed to use in sachets.
<i>Lavandula x intermedia</i>	'Sensational'	Sensation Lavender	10	3 Gallon	\$ 44.00	18" tall and 30" when in bloom	2'	Full sun	an improved, easy-to-grow variety that features unusually large flower spikes on a compact form, with thick stems and silver foliage. Like most Lavender varieties, 'Sensational™' features fragrant flowers and foliage, and will thrive in hot, sunny, and dry growing conditions, but is also a great choice for gardeners in the Eastern US because it's tolerant to both humid heat and damp cold spring soil.
<i>Mentha citrata</i>	'Orange'	Orange Mint	18	4" Pot	\$ 4.00	2'	1'	Full sun to partial sun	This plant produces white to pink blooms that begin to appear around mid to late summer attracting bees and butterflies. As with other mints, Orange Mint is an aggressive growing plant and should be contained so it does not take over the neighborhood.
<i>Mentha hybrid</i>	'Berries and Cream'	Berries and Cream Mint	18	4" Pot	\$ 4.00	3'	2'	Partial sun	It produces tightly-clustered spikes of mauve flowers in late summer. The leaves offer a mild, fruity menthol aroma and a minty, sweet yet subtle berry-like flavor.
<i>Mentha x piperita</i>		Peppermint	18	4" Pot	\$ 4.00	1.5-3'	2'	Full sun to partial shade	In small garden spaces, it's best to tuck peppermint into a pot to curtail its wandering ways. Peppermint thrives alongside water gardens or in damp spots in the yard, but will also survive in drier soil. Lush growth occurs in moist soil in partial shade. Crush fresh leaves into water for a refreshing beverage, or add to iced tea. You can also dry leaves for flavoring dishes or beverages and making desserts like meringues, cookies, or cakes. Pick leaves frequently. Plants open lavender blooms in late summer. Tolerates light frost.
<i>Mentha spicata</i>		Spearmint	18	4" Pot	\$ 4.00	2'	3'	Full sun	Sweetly aromatic, Spearmint, can be used in both cooking and in potpourri and other fragrant decorative items. Spearmint herb is used to make mint jellies and sauces and of course, tea! Spearmint also has medicinal benefits as well. It is a wonderful addition for the garden that can easily be started with Spearmint herb seeds.
<i>Mentha suaveolens</i>	'Apple'	Apple Mint	18	4" Pot	\$ 4.00	1-3'	3-5'	Full sun to partial sun	This hardy and easy-to-grow mint adds a sweet mint flavor to everything from salads to jellies to cheeses. Delicious in mojitos, iced tea, or lemonade and makes a gorgeous garnish. Crushed leaves also ease the pain of insect and bee stings.
<i>Nasturtium</i>	'Fiesta Blend'		54	4" Pot	\$4/3for\$10	12"	2'	Full sun to partial sun	Happy bright colored edible flowers. Leaves are also edible with a peppery taste. Great in the vegetable garden because it attracts beneficial insects, pollinators, and hummingbirds. Deer and rabbit resistant. Nasturtiums like more afternoon shade in the heat of the summer. Great in a kitchen garden and can be grown in containers.

Scientific Name	Cultivar	Common Name	Quantity	Size	Price	Height	Width	Sun	Description
<i>Ocimum basilicum</i>	'Genovese'	Genovese Basil	12	6-Pack	\$ 6.00	2-3'	.4-1'	Full sun	An absolutely legendary heirloom that no Italian chef can cook without. Genovese basil is the essential ingredient in basil pesto, but it's also phenomenal in sauces, on pizzas, and any other recipe calling for basil. Genovese basil was first bred in the Northwest coastal port of Genoa, gateway to the Italian Riviera. Most of the Genovese basil in Italy is grown in the Liguria region. Basil is grown at very high density in greenhouses there, and the village of Pra is noted as growing the very best Genovese basil.
<i>Ocimum basilicum</i>	'Lettuce Leaf'	Lettuce Leaf Basil	6	6-Pack	\$ 6.00	16-18"	4"	Full sun	An extremely productive sweet basil boasting leaves nearly as big as your hand! The light green leaves are more sweet than spicy and full of flavor and aroma; ideal as lettuce alternative in wraps, on burgers or sandwiches, or in a beautiful caprese salad. Crinkled leaves hold dressings or marinades better than smooth types in your culinary creations. Very slow to bolt.
<i>Ocimum tenuiflorum</i>	'Holy'	Holy Basil	36	4" Pot	\$ 4.00	1-2'	1-2'	Full sun to partial sun	A tulsi type, Holy Basil is also known as temperate tulsi. It has a shorter season and is more adapted to cooler seasons with a more compact growth habit compared to other cultivars of Sacred or Holy Basil. Used medicinally and for teas.
<i>Origanum vulgare</i>	'Aureum'	Golden Oregano	18	4" Pot	\$ 5.00	.5-1'	1-2'	Full sun to partial sun	'Aureum' is a low growing perennial with fragrant foliage that turns a lovely golden yellow to chartreuse in spring and fall. Also known as Golden Oregano or Golden Marjoram, it spreads fairly quickly to form a dense, showy ground cover that lights up shady areas. This an ornamental, but edible, herb with small lavender flowers in summer that attract butterflies.
<i>Origanum vulgare</i>	'Variegata'	Variegated Oregano	18	4" Pot	\$ 5.00	.10-1'	1-2'	Full sun to partial sun	Grown primarily for culinary use and noted for great flavor; white to pink flowers in mid summer; leaves have creamy white margins adding visual interest in the garden or containers;
<i>Petroselinum crispum</i>	'Italian Large Leaf'	Flat Leaf Parsley	12	6-Pack	\$ 6.00	10-12"	10-12"	Full sun	All-purpose heirloom to harvest liberally for its glossy, deep green leaves & sweet full flavor. Use these tasty, nutritious leaves everyday both in salads & to enhance every day cooking. Biennial.
<i>Rosemary officinalis</i>	'Barbeque'	Barbecue Rosemary	15	1 Gallon	\$ 14.00	5-6'	2-4'	Full sun to partial sun	A rosemary selection with foliage that has especially remarkable flavor and aroma for cooking. Strong, straight stems make perfect barbecue skewers! A fast growing, upright shrub with profuse, clear blue flowers. Takes to pruning well, perfect for hedging or screens. Evergreen.
<i>Rosemary officinalis</i>	'Blue Spire'	Blue Spire Rosemary	15	1 Gallon	\$ 14.00	4-5'	2-3'	Full sun	This highly aromatic shrub has unique light grey-green foliage, covered with clear blue flowers over a long season. Popular in herb gardens or as an informal hedge or screen. Easily pruned into topiary forms. A hardy, drought tolerant evergreen that requires little care, once established. Thrives in poor soil, provided it is well-drained.
<i>Rosemary officinalis</i>	'Huntington Carpet'	Huntington Carpet Rosemary	10	3 Gallon	\$ 44.00	1-2'	8'	Full sun	A beautiful carpet of deep blue flowers backed by green, needle-like foliage that forms an attractive spreading groundcover. This waterwise evergreen shrub is outstanding for cascading from retaining walls or planters and is very useful in erosion control on banks and slopes. The aromatic leaves are often used as a flavorful culinary seasoning.
<i>Rosemary officinalis</i>	'Irene'	Irene Rosemary	10	3 Gallon	\$ 44.00	1-2'	4'	Full sun	Irene is the best spreading Rosemary notable for its profuse display of bright blue flowers. The plant has a nice mounding habit and cascades gracefully over rocks, walls and raised beds. Drought resistant/drought tolerant plant
<i>Rosemary officinalis</i>	'Prostratus'	Prostrate Rosemary	10	1 Gallon	\$ 14.00	1-2'	2-3'	Full sun	Trailing Rosemary is a rapidly spreading ground cover with fragrant foliage. Stems will reach and billow over each other and can drape down walls or slopes. Drought tolerant. Will attract bees. Use herb for cooking.
<i>Rosemary officinalis</i>	'Prostratus'	Prostrate Rosemary	10	2 Gallon	\$ 22.00	1-2'	2-3'	Full sun	Trailing Rosemary is a rapidly spreading ground cover with fragrant foliage. Stems will reach and billow over each other and can drape down walls or slopes. Drought tolerant. Will attract bees. Use herb for cooking.
<i>Rosemary officinalis</i>	'Salem'	Salem Rosemary	12	Quart Pot	\$ 12.00	3'	4'	Full sun	This upright growing selection of rosemary is known as one of the most hardy. Each 4' wide clump is topped in winter and early spring with light blue flowers.
<i>Tagetes lucida</i>		Mexican Tarragon	36	4" Pot	\$ 5.00	.5-2.5'	.5-1.5'	Full sun	Plant it in the full sun in light well-drained soils. It tolerates most soil types including clay; however, it cannot grow in full shade and is not particularly cold hardy. Mexican Tarragon pairs well in vegetable gardens with tomatoes or you can plant them in an herb garden, a border front, or along a pathway or patio. Propagate this plant by seed.
<i>Thymus citriodorus</i>	'Golden'	Golden Lemon Thyme	18	4" Pot	\$ 5.00	6" tall and 8" when in bloom.	14"	Full sun	This variety brightens the landscape with its yellow-cream variegated foliage; fragrant foliage is ideal for teas with its citrus scent, makes a fine herb for the garden edge; trim out all shoots that revert to green

Scientific Name	Cultivar	Common Name	Quantity	Size	Price	Height	Width	Sun	Description
<i>Thymus citriodorus</i>	Lime	Lime Thyme	18	4" Pot	\$ 5.00	4"	15"	Full sun to part shade	Lime thyme is a dense mounding thyme with lime colored leaves. Great for the rock garden, flower bed and it makes a great groundcover. The bright lime colored leaves will stand out in the flower bed. Good as a container plant. As a culinary herb it is best to use lemon thyme for a more citrus flavor.
<i>Thymus praecox</i>	'Britanicus'	English Wild Thyme	18	4" Pot	\$ 5.00	6"	9"	Full sun	With fuzzy stems and tiny, rounded, fuzzy blue-green leaves. In summer, it produces clusters of very small white to lilac-pink flowers. The leaves are aromatic but the strength of their scent varies according to the plant's site and the time of year.
<i>Thymus serpyllum</i>	'Elfin'	Elfin Creeping Thyme	18	4" Pot	\$ 5.00	2-3"	1-2"	Full sun	This plant is a dwarf cultivar, one of the lowest growing Thymes available, with tiny rounded leaves that create cushions of aromatic foliage. It can be tucked into stone walls, containers, and gravel or rock gardens. It can handle occasional foot traffic, so plant along walkways or between pavers where it will release a lovely aroma. Plants are covered in pale lavender-pink flowers from late spring into summer, attracting pollinators.
<i>Thymus serpyllum</i>	'Pink Chintz'	Pink Chintz Creeping Thyme	18	4" Pot	\$ 5.00	1"	18"	Full sun	This plant is a tight, low growing creeping thyme with thick stems of woolly green foliage that blooms in mid-spring with a profusion of salmon-pink flowers.
<i>Tropaeolum majus</i>	'Fiesta Blend'	Nasturtium	54	4" Pot	\$ 4.00	10-12"	2-2.5"	Full sun to partial shade	Every salad should have edible nasturtium flowers. Fiesta Blend is a spicy feast of color with flowers in orange, yellow, and orange/peach bi-colors that brighten up hanging baskets and large containers. This beautiful plant is especially exquisite gracing a stone garden wall. The blossom petals are a festive addition to salads and pastas. Plant some in your vegetable patch to attract pollinators. Withstands coastal salty air.
Ferns									
<i>Adiantum pedatum</i>		Maidenhair Fern	18	4" Pot	\$ 9.00	1-3'	2'	Partial Sun to Full Shade	Native, graceful foliage spreads out with black stems.
<i>Athyrium niponicum var. pictum</i>		Japanese Painted Fern	18	4" Pot	\$ 9.00	1.5-2'	1.5-2'	Full shade to partial shade	Beautiful mounds of dramatic foliage that will be a standout in the shade garden. Luminescent blue-green fronds with dark central ribs fade to silver at the edges. The short stature and spreading form is excellent for use as foreground foliage and ideal for containers.
<i>Matteuccia struthiopteris</i>		Ostrich Fern	18	4" Pot	\$ 10.00	3-5'	3-4'	Half sun/half shade to full shade	The Ostrich Fern is a grand, native plant from the Eastern American woodlands. Unfurling in a fiddlehead shape, it gets its name from the open plumes that resemble ostrich feathers. Like most ferns, this one prefers a cool, moist spot and will spread and thrive in any wet, shady area of the garden.
<i>Polystichum acrostichoides</i>		Christmas Fern	36	4" Pot	\$ 9.00	1'	1.5'	Full Sun to Partial Shade	Mounding, soft, silver gray foliage, deer and rabbit resistant. Use for groundcover, mass plantings, children's gardens, containers, rock gardens, borders, and beds.
<i>Thelypteris kunthii</i>		Southern River Fern	3	3 Gallon	\$ 28.00	3'	3'	Partial shade to full shade	Thelypteris Southern River Wood Fern is a deciduous to semievergreen perennial fern offering spring through fall interest. Grown for its gorgeous foliage, Southern River Wood Fern produces an elegant, open plant with excellent form and texture. Its arching fronds emerge light to medium green, take on a bronze cast in fall, and go brown as they die back in winter.
Fruits, Berries, and Perennial Vegetables									
<i>Asparagus officinalis</i>	'Millenium'	Millenium Asparagus	10	1 Gallon	\$ 14.00	4'	1-2'	Full sun	A yellow bloom color combined with a green fruit color. A crisp and crunchy texture that is ripe from April through May.
<i>Asparagus officinalis</i>	'Purple Passion'	Purple Passion Asparagus	10	2 Gallon	\$ 18.00	3-4'	1-2'	Full sun	This perennial vegetable is sweet and mild, with 20% more natural sugar. Purple or burgundy asparagus has sweeter stalks than green asparagus! These vitamin-rich spears are so tender, you can eat them right out of your garden.
<i>Ficus carica</i>	'Brown Turkey'	Brown Turkey Fig	10	3 Gallon	\$ 34.00	20-30'	15-20'	Full sun	Grow figs in full sun in organically rich, well-drained, moist soils that are neutral to acidic. Figs do not tolerate alkaline soils. Light pruning each winter may be necessary to maintain an attractive shape. Mulch roots to maintain moisture and especially in the fall to protect them throughout the winter.
<i>Ficus carica</i>	'Celeste'	Celeste Fig	10	3 Gallon	\$ 34.00	7-10'	7-10'	Full sun	This tree is known for being pest and disease resistant. It is a closed eye fig, meaning the small hole that naturally exists at the apex of the fruit is closed, keeping out natural pests like wasps. Having a closed eye, the Celeste Fig can produce more ripe fruit that doesn't spoil during the growing season.
<i>Ficus carica</i>	'Chicago Hardy'	Chicago Hardy Fig	10	3 Gallon	\$ 34.00	15-30'	15-35'	Full sun to partial shade	This is the perfect plant to accent your patio—with the bonus of fresh figs! The cheerful foliage has attractive broad leaves, and the figs grow green until ripening into darker fruit. When planting in containers, the fig can be brought indoors during the winter months.

Scientific Name	Cultivar	Common Name	Quantity	Size	Price	Height	Width	Sun	Description
<i>Rubus x.</i>	'Triple Crown'	Triple Crown Blackberry	20	2 Gallon	\$ 26.00	4-5'	3-4'	Full sun	The thornless, semi-erect canes set fruit uniformly, making for easy picking. Triple Crown is well suited for berry farms, pick-your-own operations, and backyard home gardens. This fast-growing berry plant yields 13 lbs. of fruit per plant!
<i>Rubus x.</i>	'Anne'	Anne Raspberry (Yellow)	10	2 Gallon	\$ 26.00	4-5'	3-4'	Full sun	This sunshine-colored fruit has a unique flavor with hints of apricot. These large, sweet, firm berries will liven up tarts, jams and salads. They also freeze well. The hardy and productive plant bears in the first year. Cold-hardy and heat-tolerant. Fall-bearing (everbearing) primocane with a summer crop. Floricane berries ripen in July and August. Primocane berries ripen in September through frost. Self-pollinating.
<i>Rubus x.</i>	'Caroline'	Caroline Raspberry (Red)	10	2 Gallon	\$ 26.00	4-5'	3-4'	Full sun	Superior flavor! Vigorous canes produce huge crops of large, firm raspberries. Bears early. Fall-bearing (everbearing) primocane with a summer crop. Floricane berries ripen in July. Primocane berries ripen in September through frost. Self-pollinating.
<i>Rubus x.</i>	'Double Gold'	Double Gold Raspberry	10	2 Gallon	\$ 30.00	5-8'	4-5'	Full sun	Unique blushed color is outstanding in fruit displays. Fruit color ranges from peachy gold to vibrant coral. Highly productive plants bear crops of conical-shaped raspberries with a tender, juicy texture and excellent flavor
<i>Rubus x.</i>	'Joan J.'	Joan J. Raspberry (Red)	10	2 Gallon	\$ 26.00	4-5'	3-4'	Full sun	Large, delicious, and easy to pick. This thornless raspberry variety produces high yields of tasty, firm berries from stout canes. A terrific choice for northern fruit-gardens. Joan Squire x Teri-Louise. Cold-hardy. Fall-bearing (everbearing) primocane with a summer crop. Floricane berries ripen in July.
<i>Rubus x.</i>	'Royalty'	Royalty Raspberry (Purple)	10	2 Gallon	\$ 30.00	4-5'	3-4'	Full sun	A perfect purple raspberry! Plant is vigorous, hearty and resistant to insects. Yields large, sweet berries with great flavor. Fruit never fades, even when canned or frozen. Cold-hardy. Late-summer bearing. Ripens in August.
<i>Vaccinium ashei</i>	'Climax'	Climax Rabbiteye Blueberry	10	3 Gallon	\$ 44.00	6-8'	5-6'	Full sun	Climax blueberries are a medium-sized, dark blue berry which ripen in late spring and early summer. These rabbiteye berries are perfect for eating fresh, cooking, baking, drying, or freezing. They can be used in juices, jams, and jellies. The plant has an upright form and tolerates the heat and humidity of the southeast. Needed. For larger crop plant another rabbit eye with similar chill hours. Try Austin, Premier, or Tifblue. Chill hours: 400-450
<i>Vaccinium ashei</i>	'Premier'	Premier Rabbiteye Blueberry	10	3 Gallon	\$ 44.00	6-8'	6-8'	Full sun	Premier's fruit has excellent flavor, light blue color, and a dry scar. Highly productive. Fruit ripens late May to early June. These rabbiteye berries are perfect for eating fresh, or freezing. The fruit has a good firmness, flavor and shelf life. Needed. For larger crop plant another rabbit eye with similar chill hours. Try Austin, Alpha, Climax, J196 or Tifblue. Chill hours: 550
<i>Vaccinium ashei</i>	'Tifblue'	Tifblue Rabbiteye Blueberry	10	3 Gallon	\$ 44.00	6-8'	6-10'	Full sun	Tifblue Blueberries is a rabbiteye blueberry which are more cold hardy than most blueberry varieties, with a 550-600 chill hour requirement. The plant is vigorous and productive, with the berries ripening late June through July. The berries, large in size and light blue in color, can be used for eating or for ornamentation in your yard or garden. Needed. For larger crop plant another rabbit eye with similar chill hours. Try Brightwell, Premier, Climax, or Powder Blue. Chill hours: 550-600
Annuals									
<i>Celosia plumosa</i>	'Pampas Plume Tall'	Pampus Plume Celosia	18	6-Pack	\$ 5.00	3-3.5'		Full sun	A must-have for bouquets, these large, feathery, golden-yellow to scarlet plumes stand out on long, straight stems and attract pollinators. In the garden, the multi-branching plants are noted for their exceptionally beautiful foliage, and along with height, are perfect for the back of the flower bed. Plants handle heat with ease and are fairly drought tolerant.
<i>Colocasia gigantea</i>	'Thailand Giant'	Giant Elephant Ear	30	Quart Pot	\$ 10.00	7-10'	4'	Full to partial sun	Each leaf will reach approximately 48" across. Use as a focal point in a garden or grow in a large pot to create a living green beauty on your patio. When given warmth and some sun its speed of growth is as amazing as its size.
<i>Colocasia gigantea</i>	'Thailand Giant'	Giant Elephant Ear	36	4" Pot	\$ 6.00	7-10'	4'	Full to partial sun	Each leaf will reach approximately 48" across. Use as a focal point in a garden or grow in a large pot to create a living green beauty on your patio. When given warmth and some sun its speed of growth is as amazing as its size.
<i>Geranium</i>		Chartreuse Geranium	24	Quart Pot	\$ 12.00	1-2'	2-3'	Full sun to partial shade	Huge, glowing violet blue, saucer-shaped flowers with distinctive white eyes and reddish-purple veining are held above mounds of deep green foliage that is slightly marbled with chartreuse.
<i>Lobelia erinus</i>	'Cambridge Blue'	Cambridge Blue Lobelia	36	4" Pot	\$ 4.00	1.5'	1.5'	Full sun to partial shade	A compact annual to 15cm, forming a low hummock of narrow foliage, with clear light blue, two-lipped flowers 2cm across in summer and autumn.

Scientific Name	Cultivar	Common Name	Quantity	Size	Price	Height	Width	Sun	Description
<i>Lobularia maritima</i>	'Tiny Tim'	Tiny Tim Alyssum	36	4" Pot	\$ 4.00	2-4"	.5-1'	Full sun	A compact and always covered with flowers. A wonderful ground cover, it blooms all growing season with no need to shear back at any time. Alyssum withstands drought and heat, while attracting pollinators. It is an ideal rock garden plant, and gracefully spills over edges of containers. Edible flowers have a mild, grassy/mustardy flavor; the clusters make a charming garnish to salads and desserts.
<i>Nigella damascena</i>	Mixed Colors	Love-in-a-Mist	18	4" Pot	\$ 6.00	1.5-2'		Full sun to partial shade	Love-in-a-Mist typically produces beautiful, lacy blue flowers, but this population will produce vivid white and pink colors as well. The form of these flowers is dazzling, as are the balloon-like seed pods that follow.
<i>Tagetes erecta</i>	'Petite Mix'	French Double Marigold	6	6-Pack	\$ 5.00	.5-1'		Full sun to partial shade	The vivid colors and compact size of French Double Dwarf Mixed Colors Marigold make them ideal for garden bed edging and patio planters, offering a beautiful accent to any outdoor space. Flowers bloom through summer until frost.
<i>Tagetes erecta</i>	'Red Metamorph'	French Marigold	6	6-Pack	\$ 5.00	.5-1'	.5-1.5'	Full sun to partial sun	French Marigolds are compact bushy annuals from Mexico and the flowers come in various combinations of reds, oranges, and yellows.
