Conifers									
Chamaecyparis obtusa	'Nana Gracilis'	Hinoki Cypress	6	1 Gallon	\$ 20.00	3-4'	2-4'	Full sun to part shade	Grow this plant in average, moist, well-drained soils and protect it from harsh winds. It does best in full sun but will tolerate partial shade. In 10 years it will only reach 3 to 4 feet tall but will eventually mature to 6 feet or more with a 2 to 4 foot spread. Young shrubs have a rounded form that becomes more conical with age. It provides winter interest with its graceful, dark-green needles. Use this shrub in small spaces, Asian or rock gardens, containers, or as a specimen. It can also be used in bonsai.
Chamaecyparis obtusa	'Spirited'	Hinoki Cypress	5	1 Gallon	\$ 20.00	8'	3'	Full sun to part shade	New Hinoki Cypress developed by Paul Jones in North Carolina, and is a golden Hinoki that does not burn in sun. The foliage is very lace-like and the plant reminds us of Cham. o. 'Graciosa'. After 15 years one can expect this cultivar to be 8 ft tall and 3 ft wide. A selected seedling of the old timer Cham. o. 'Crippsii' but grows smaller in stature.
Picea abies	'Tompä'	Norway Spruce	10	1 Gallon	\$ 20.00	3'	2'	Full sun	Fresh green needles and a compact habit make the slow-growing Picea abies 'Tompä' a great choice for smaller landscapes and rock gardens. Its wide, conical shape resembles the well-known Alberta Spruce for which it is a superior alternative.
Tsuga canadensis	'Moon Frost'	Canadian Hemlock	10	1 Gallon	\$ 35.00	6'	6'	Full sun to part shade	Bright, white, new growth with older, inner foliage that retains a light tone combine to give Tsuga canadensis 'Moon Frost' a distinctly white appearance. In winter, foliage of the seedling, developed by Ed Wood, takes on a blush of pink. A compact globe when young, 'Moon Frost' broadens and increases its growth rate with age, but remains a reliably small, dwarf plant.
HAND PICKED CONIFERS FROM EAST FORK NURSERY									
Shrubs									
Rhododendron x	'NCRX10'	PERFECTO MUNDO EPIC CORAL	32	PW Quart	\$15 EACH/ 3 FOR \$42	3-4'	3-5'	Full to partial sun	All of the Perfecto Mundo series boasts epic performance, but the new Epic sub-series offers flowers of truly epic proportions as well. Lacy petaloid stamens adorn the center of each gigantic pink-orange flower for a semi double effect. Rebloomer. Evergreen.
Rhododendron x	'NCRX9'	PERFECTO MUNDO EPIC PINK	32	PW Quart	\$15 EACH/ 3 FOR \$42	3-4'	3-5'	Full to partial sun	The size and quantity of flowers are an ode to the classic appeal of azaleas: rich bubble gum to hot pink single blooms drench the plant with color in spring and again in fall. Like its sister Perfecto Mundo Epic Coral azalea, you'll enjoy huge blooms that look fabulous in the container and in the landscape. Rebloomer. Evergreen.
Betula x plettkei	'Golden Treasure'	CESKY GOLD	32	PW Quart	\$15 EACH/ 3 FOR \$42	2-4'	2-4'	Full to part sun	This shrubby dwarf birch offers season-long interest with tiny chartreuse-yellow leaves with scalloped edges that emerge in sunset hues of orange and red. Cesky Gold® dwarf birch is exceptionally hardy—cold tolerant to USDA zone 2. This durable shrub responds well to pruning; it can be shaped, sheared, hedged, used as a miniature patio tree, or left to its appealing natural habit. Its versatility makes it a great choice for many gardens and landscapes. Cesky Gold® was developed by Michal Andrusiv in the Czech Republic.
Buxus newgen		FREEDOM Boxwood	5	2.5 Gallon	\$ 35.00	3.5'	3.5'	Full sun to part sun to shade	Beautiful, glossy green foliage adorns this relatively vigorous, rounded boxwood that is slightly taller than wide.More uniform making it an excellent choice for formal and residential landscapes. May bronze in winter. Deer resistant!
Buxus newgen		INDEPENDENCE Boxwood	10	2.5 Gallon	\$ 35.00	3'	3'	Full sun to partial sun to shade	A very deep green, medium-sized cultivar that holds excellent color throughout the winter. It has a rounded habit that is nearly as tall as wide. In new gardens and landscapes. Branching structure is very strong, allowing it to withstand most moderate to heavy snow loads. Deer resistant!
Caryopteris	'DCARBEYBAR'	BEYOND MIDNIGHT bluebeard	32	PW Quart	\$15 EACH/ 3 FOR \$42				
Caryopteris incana		BEYOND PINK'D	32	PW Quart	\$15 EACH/ 3 FOR \$42	2-2.5'	2-2.5'	Full Sun	Large, glossy, spearmint-green foliage and spires of pure-pink flowers, stacked in neat layers along the stem. It is not quite as hardy as conventional caryopteris, its fast-growing, easy-blooming nature makes it perfect for containers and summer color options in cooler areas. Blooms summer throuh autumn.
Cephalanthus occidentalis		SUGAR SHACK	32	PW Quart	\$15 EACH/ 3 FOR \$42	4-5'	4-5'	Full sun to part shade	NATIVE! Dwarf buttonbush! Half the size of conventional varieties, making it much more friendly to residential landscapes. Large, fragrant, orb-shaped blooms in summer become ornamental red fruit, which persists through fall. Glossy foliage and widely adaptable. Winner of the Pennsylvania Horticultural Society Gold Medal in 2024.
Chaenomeles		DOUBLE TAKE Peach	32	PW Quart	\$15 EACH/ 3 FOR \$42				
Clematis	'Sweet Summer Love'	Clematis	32	PW Quart	\$15 EACH/ 3 FOR \$42

Deutzia	YUKI KABUKI	Deutzia	32	PW Quart	\$15 EACH/ 3 FOR \$42	2.5-4'	2.5-4'	Full sun to part sun	Deep pink flowers in spring, mounded habit, glossy foliage turns yellow, red, and purple in fall, attracts pollinators, deer resistant, drought tolerant.
Deutzia	YUKI SNOWFLAKE	Deutzia	32	PW Quart	\$15 EACH/ 3 FOR \$42				
Fothergilla x intermedia	LEGEND OF THE SMALL	Bottlebrush	32	PW Quart	\$15 EACH/ 3 FOR \$42	2-2.5'	2-4'	Full sun to part sun	Native! A true, small-leaf, small-stature <i>Fothergilla x intermedia</i> from Tom Ranney and his team at NCSU. After trialing about a dozen of his selections, this was the clear winner in terms of vigor, flower power, and fall color. It produces an abundance of bottle brush-like white flowers, has a well-branched mounded habit, and small bluish-green leaves that turn an attractive blend of yellow, orange, and red in autumn. Deer resistant, fragrant, fall interest, heat tolerant, attracts pollinators.

<i>Hydrangea querc</i>	GATSBY GLOW BALL	Oakleaf Hydrangea	32	PW Quart	\$15 EACH/ 3 FOR \$42				
<i>Hydrangea quercifolia</i>	'Ruby Slippers'	Oakleaf Hydrangea	36	4" Pot	\$15 EACH/ 3 FOR \$42	3-4'	3-4'	Full to partial sun	NATIVE! Lovely 'Ruby Slippers' hydrangea has white summer flowers that turn pale pink, then deep to rose, and are held upright above the foliage. Flowers may reach 9" in length. The dark green foliage turns mahogany-red in fall. The compact habit and large upright inflorescences make it well-suited to residential gardens. Developed by the US National Arboretum from a cross of 'Snow Queen' and 'Pee Wee'.
<i>Hydrangea quercifolia</i>	'Snow Queen'	Oakleaf Hydrangea	36	4" Pot	\$15 EACH/ 3 FOR \$42	7-10'	7-10'	Full to partial sun	NATIVE! Large, tightly packed pure white panicles are held upright to create a unique summer flower display worthy of the name 'Snow Queen'. The flowers fade to light pink and the leathery leaves turn a superb burgundy autumn color. Selected by William Flemer III.
<i>Hydrangea serrata x macrophylla</i>	LET'S DANCE CAN DO!	Reblooming Hydrangea	32	PW Quart	\$15 EACH/ 3 FOR \$42	3-4'	3'	Full to partial sun	Let's Dance Can Do! hydrangea ( <i>H. macrophylla</i> × <i>serrata</i> ) is an excellent rebloomer, requiring only a short period of vegetative growth in order to create new wood blooms. However, it has another trick up its sleeve: it sets its flower buds along the entire length of the stem, not merely at the tips. This means that if this hydrangea is cut back, or damaged by cold temperatures, those lower old wood buds will still develop into flowers. It's a huge leap forward in achieving success with hydrangeas for landscapers, home gardeners, growers, and retailers alike. Abundant, semi-double, star-like florets make the lacecap flowers very showy.
<i>Hydrangea ser</i>	TUFF STUFF TOP FUN	Mountain Hydrangea	32	PW Quart	\$15 EACH/ 3 FOR \$42				
<i>Hydrangea x</i>	FAIRYTRAIL Green	Cascade Hydrangea	10	1 Gallon	\$ 20.00	4'	4-5'	Part sun	Graceful habit of arching, cascading branches with a flower bud at every node, the blooms are a cool, refreshing lime green. It has irresistible container presentation and impulse appeal, and makes a beautiful choice for landscapes, gardens, and decorative containers - even hanging baskets. Extremely floriferous, unique habit, versatile. Hardiness on the Cascade Hydrangeas is a bit of an unusual situation. The plants themselves are actually quite hardy - as hardy as H. macrophylla, perhaps a bit more. However, because they bloom so much earlier in the season than other hydrangeas, their flower buds are more susceptible to damage from unexpected spring frosts and freezes. To combat this, we have found that planting them in sites where they are shaded in the morning is very helpful. It allows any ice crystals on the plant to melt away very gradually, reducing the risk of tissue damage. Protecting them with old blankets on those spring nights and mornings when unusually cold weather threatens is also a viable approach.
<i>Hydrangea x</i>	FAIRYTRAIL White	Cascade Hydrangea	15	PW 1 Gallon	\$ 25.00	4'	4-5'	Part sun	Fairytrail White is a mophead version of the world-famous Fairytrail Bride hydrangea. It has irresistible container presentation and impulse appeal, and makes a beautiful choice for landscapes, gardens, and decorative containers - even hanging baskets. Hardiness on the Cascade Hydrangeas is a bit of an unusual situation. The plants themselves are actually quite hardy - as hardy as H. macrophylla, perhaps a bit more. However, because they bloom so much earlier in the season than other hydrangeas, their flower buds are more susceptible to damage from unexpected spring frosts and freezes. To combat this, we have found that planting them in sites where they are shaded in the morning is very helpful. It allows any ice crystals on the plant to melt away very gradually, reducing the risk of tissue damage. Protecting them with old blankets on those spring nights and mornings when unusually cold weather threatens is also a viable approach.
<i>Ilex vomitoria</i>	'Oscar's Dwarf'	Yaupon Holly	4	1 Gallon	\$ 20.00	3'	5'	Full sun to part sun	This is a selection made by Tommy Dodd of Semmes, AL, which is most compact. It is a male as is 'Schillings,' but it has half or less of the growth rate. When one really wants a tough plant that won't overgrow its place in the landscape, this is the one. This selection is a great substitute for boxwood when one is dealing with soils with poor drainage. This is your chance to save needless wasted energy on abusive hedge clipping. Ilex 'Oscar' will tolerate boggy acidic soils as well as dry alkaline soils, making it ridiculously adaptable as a garden plant or in a rain garden. It would be great for edging or in a parterre garden design as well as being one of the best of the evergreen hollies to develop into a bonsai. Zones 7-9
<i>Illicium floridanum</i>	'Swamp Hobbit'	Florida Anise Tree	5	1 Gallon	\$ 30.00	2'	5'	Part to full shade	Native! 'Swamp Hobbit' is a dwarf variety of the <i>I. floridanum</i> species, a compact evergreen shrub in the Schisandraceae (starvine) family and native to the southeastern United States. It is best to grow this plant in part to full shade, as the leaves may scorch in many hours of bright sunlight. It is not drought tolerant, and it is best to plant it in wet sites such as bog gardens, water gardens, along streams and ponds. It does spread by root suckers, which may be cut away as needed. It tolerates heavy shade, erosion, and wet planting sites, but is not cold hardy. Zones 7-10

BOTANICAL NAME	CULTIVAR	COMMON NAME	QT Y	SIZE	PRICE	HT	WD	SUN/SHADE	DESCRIPTION
<i>Kolwitzia</i>	JOLENE JOLENE	Beauty Bush	32	PW Quart	\$15 EACH/ 3 FOR \$42				
<i>Rhododendron</i>	DANDY MAN COLOR WHEEL		32	PW Quart	\$15 EACH/ 3 FOR \$42				
<i>Rosa</i>	AT LAST	At Last Landscape Rose	10	PW Quart	\$15 EACH/ 3 FOR \$42	3-4'	3-4'	Full sun	With the romance of a fragrant, fully-petaled tea rose with the no-nonsense practicality of a disease-resistant landscape rose. No spraying is required to enjoy a non-stop display of large, sweetly perfumed sunset-orange blossoms from late spring through frost. Handsome, glossy foliage and a vigorous, rounded habit makes it ideal for use in the landscape or the flower garden.
<i>Rosa</i>	FLAVORETTE Honey-Apricot	Honey-Apricot Edible Rose	10	PW Quart	\$15 EACH/ 3 FOR \$42	5-8'	3-4'	Full sun	Full flowers, vigorous growth, sweet, fruity flavored petals that can be used in sweets, salads, and infusions. Use in herb gardens, rose gardens, mixed perennial gardens, cottage gardens, and in mixed borders.
<i>Rosa</i>	OSO EASY DOUBLE PINK	Double Pink Landscape Rose	32	PW Quart	\$15 EACH/ 3 FOR \$42				
<i>Rosa</i>	OSO EASY ITALIAN ICE	Italian Ice Landscape Rose	10	PW Quart	\$15 EACH/ 3 FOR \$42	1.5-2.5'	1.5-2.5'	Full sun	Similar to 'Peace' in its coloration, the orange buds of Oso Easy Italian Ice® rose open to soft yellow flowers with pink blushed margins. The soft flower color is set off nicely by its dark green, glossy foliage. Flowers are semi-doubled, with 24-30 petals per bloom. Self cleaning and very disease resistant.
Roso	OSO EASY MANGO SALSA	Landscape Rose	32	PW Quart	\$15 EACH/ 3 FOR \$42

HAND PICKED NATIVE AND EVERGREEN AZALEAS FROM EAST FORK NURSERY

Trees									
<i>Acer palmatum</i>	'Tsukasa'	Japanese Maple	2	2.5 Gallon	\$ 65.00	15-20'	4-8'	Full sun to part shade	Compact, columnar pyramial crown and low branching, green leaves emerge bright chartreuse and becomes crimson with orange hues in fall. Small non-showy umbels of red-purple flowers bloom mid-spring followed by samaras. Heat and pest resistant.
<i>Carpinus caroliniana</i>		American Hornbeam	10	2.5 Gallon	\$ 35.00	20-30'	20-30'	Full sun to shade.	<b>NATIVE!</b> New leaves emerge reddish-purple, changing to dark green, then turn yellow to orange-red in the fall, offering a kaleidoscope of color throughout the year. Even in winter, the tree's fluted blue-gray bark with long, sinewy ridges make it a special addition to the landscape. Prefers partial shade but will grow in full sun.

BOTANICAL NAME	CULTIVAR	COMMON NAME	QT Y	SIZE	PRICE	HT	WD	SUN/SHADE	DESCRIPTION
<i>Carpinus caroliniana</i>		American Hornbeam	5	1 Gallon	\$ 20.00	20-30'	20-30'	Full sun to shade.	NATIVE! New leaves emerge reddish-purple, changing to dark green, then turn yellow to orange-red in the fall, offering a kaleidoscope of color throughout the year. Even in winter, the tree's fluted blue-gray bark with long, sinewy ridges make it a special addition to the landscape. Prefers partial shade but will grow in full sun.
<i>Carpinus x</i>	'Skylark'	Fastigate Hornbeam	10	3 Gallon	\$ 45.00	25-35'	10-15'	Full sun to shade	It has a relatively narrow upright form, a compact habit, and deep green serrated foliage. With age, the bark becomes more attractive with a fluted character. Skylark is superior to the common <i>C. betulus</i> 'Fastigiata' because it maintains its columnar form, whereas; 'Fastigiata' becomes wide spreading with age - not at all columnar in outline. Skylark has no apparent disease or major insect pest issues and is also more widely adapted in cold winter climates. Mycorrhizal roots help it remain attractive and growing well during dry summers with little or no irrigation. Hybridized by Dr. Harold Pellett, former professor at University of Minnesota, a cross between <i>Carpinus caroliniana</i> x <i>Carpinus betulus</i> 'Fastigiata'.
<i>Cornus kousa chinensis</i>	'Blue Ray'	Kousa Dogwood	2	7 Gallon	\$ 85.00	15-20'	15-20'	Full Sun to part shade	Features large blue-green foliage which lies flat against its vase-shaped silhouette. Foliage is attractive all season serving as a backdrop for creamy white spring flowers. Grows 15 to 20 feet tall and wide. Excellent landscape specimen.
<i>Hammamelis vernalis</i>		American Witchhazel	4	7 Gallon	\$ 75.00	15-20'	15-20'	Full sun to part shade	NATIVE! Flowers anywhere from late fall to late winter with happy yellow spider-like blooms that brighten the winter landscape, attractive yellow fall foliage, tolerant of heavy clay soil, erosion, and deer. Can be used in a winter garden, along a woodland margin, as a good spring and summer screen or tall hedge. Specimens can also be pruned into small trees and used as a patio planting.
<i>Magnolia grandiflora</i>	'DD Blanchard'	DD Blanchard Magnolia	8	3 Gallon	\$ 55.00	50-70'	20-35'	Full sun	D.D. Blanchard is one of the largest varieties, producing dark green, large leaves with a rusty brown underside. It is capable of maintain a straight, central trunk, which allows it to be grown full to the ground or be pruned into tree form with a visible trunk. Flowers bloom in late spring, with sparse but continued flowering throughout the summer. The fragrant blossoms are large (can be 8" in width) and are cup-shaped in appearance.
<i>Metasequoia glyptostroboides</i>		Dawn Redwood	30	1 Gallon	\$ 35.00	70-100'	15-25'	Full sun	Fast growing, great street tree, long lived, can tolerate wet and dry conditions once established, extremely hardy, pollution tolerant, deer tolerant, attractive feathery leaves.
<i>Parrotia persica</i>	'Golden BellTower'	Columnar Ironwood	3	3 Gallon	\$ 55.00	30'	10'	Full sun	Great street tree, good history and performance record, reliably upright and columnar, moderate to fast grower, gold to apricot fall color.
<i>Parrotia persica</i>	'Golden BellTower'	Columnar Ironwood	2	7 Gallon	\$ 75.00	30'	10'	Full sun	Great street tree, good history and performance record, reliably upright and columnar, moderate to fast grower, gold to apricot fall color.
<i>Taxodium distichum</i>	'Lindsey's Skyward'	Bald Cypress	1	7 Gallon	\$ 75.00	20-25'	5-10'	Full sun to part shade	NATIVE! Naturally dwarf, moderate growth, non-aggressive root system with no surface roots or knees, feathery foliage, tough and hardy tree, versatile in landscape, good for compact lots, makes a good anchor in mixed plantings, good as specimen tree and when used with other conifers for contrast.

Brassica oleracea	'Dazzling Blue'	Kale	6	6 Pack	\$ 6.00			Full sun	
Brassica oleracea	'Charleston Wakefield'	Cabbage Charleston Wakefield	6	6 Pack	\$ 6.00				Heirloom
Brassica oleracea var. acephala	'Winterbor'	Kale	12	6 Pack	\$ 6.00			Full sun	Standard green curly kale. Plants are tall, with excellent yield and good cold hardiness. The ruffled, blue-green leaves have an attractive curl. Vigorous, productive plants.

BOTANICAL NAME	CULTIVAR	COMMON NAME	QT Y	SIZE	PRICE	HT	WD	SUN/SHADE	DESCRIPTION
<i>Brassica oleracea</i> var. <i>botrytis</i>	'Primero'	Red Cabbage	6	6 Pack	\$ 6.00			Full sun	Early, compact and productive variety is good for small spaces. Heads are round to oval-round and avg. 3 lb. Flavor is slightly sweet and peppery. May also be planted at close spacing for mini-head production. Produces perfectly round, dark red heads.
<i>Brassica oleracea</i> var. <i>botrytis</i>	'EarliSnow'	Cauliflower	6	6 Pack	\$ 6.00			Full sun	Performs well in Johnny's Seed spring and fall trials. Earlier, more consistent, and more dependable than Snow Crown. Medium-size plant with an average wrap. Widely adapted.
<i>Brassica oleracea</i> var. <i>capitat</i>	'Tiara'	Cabbage	6	6 Pack	\$ 6.00			Full sun	Mini cabbage for high-density plantings. Tiara produces beautiful, avg. 1–2 lb., round heads packed with mildly sweet leaves that are excellent for cooking or fresh use. Delicious flavor—an annual favorite in taste tests.
<i>Brassica oleracea</i> var. <i>gongylodes</i>	'Snowball Y'	Cauliflower	6	6 Pack	\$ 6.00			Full sun	
<i>Brassica oleracea</i> var. <i>italica</i>	'Di Cicco'	Broccoli	6	6 Pack	\$ 6.00			Full sun	
<i>Brassica oleracea</i> var. <i>italica</i>	'Emerald Crown'	Broccoli	6	6 Pack	\$ 6.00			Full sun	Johnny's Seed's best fall variety for the East. Large, well-domed heads with a fine bead. Best for crown cut. Resists purpling in cold weather, which makes Emerald Crown an excellent choice for fall crops. Widely adapted; performs well on both coasts and in the Midwest and Southeast.
<i>Brassica oleracea</i> var. <i>sabauda</i>	'Purple Savoy'	Cabbage Purple Savoy	12	6 Pack	\$ 6.00				
<i>Brassica oleracea</i> var. <i>sabauda</i>	'Perfection Drumhead Savoy'	Cabbage Perfection Drumhead Savoy	6	6 Pack	\$ 6.00				
<i>Brassica rapa</i>	'Red Kingdom'	Asian Greens Red Kingdom	6	6 Pack	\$ 6.00				
<i>Brassica rapa</i> subsp. <i>chinensis</i> (hybrid)	'Georgia Southern'	Collards	6	6 Pack	\$ 6.00			Full sun	A staple in the South, collards are a nutritious and versatile vegetable that grows in hot or cold regions with ease. 'Georgia Southern' has been enjoyed since the 1800s. The large leaves not only make delicious steamed greens, they also make fantastic wraps (a low-calorie substitute for tortillas), and when young, hearty salad greens. Fall frosts make them sweeter, and they may overwinter, as they can survive temperatures down to 20°F. Excellent container variety.
<i>Eruca sativa</i>	'Rocket'	Arugula Rocket	12	6 Pack	\$ 6.00				
<i>Lactuca sativa</i>	'Australe'	Butterhead Lettuce	12	6 Pack	\$ 6.00			Full sun	It's hard not to love this easy-to-grow lettuce. The stunning bright green leaves are dusted with almost iridescent bronze tips. "Australe" reminds us of a cross between a traditional butterhead due to its buttery texture and a mini romaine because of its upright growing habit. Harvest as baby greens around 21 days or as a full head at 55 days.
<i>Lactuca sativa</i>	'Buttercrunch'	Butterhead Lettuce	12	6 Pack	\$ 6.00			Full sun	Buttercrunch' is a vigorous grower with a creamy yellow interior, buttery flavor and melt-in-your-mouth texture, pleasing palates since 1963. Small heads are perfect for a single-serve salad. The compact size makes it a good container variety, and it's also attractive in the flower-garden border. All-America Selections Winner.
<i>Lactuca sativa</i>	'Marvel of Four Seasons'	Butterhead Lettuce	12	6 Pack	\$ 6.00			Full sun	Both tasty and attractive, this 1800s French heirloom also known as Merveille de Quatre Saisons has tender, sweet leaves that are green at the base, turning to a beautiful cranberry-red, and forming a crinkly rosette that almost looks like a flower! If kept moist, it won't turn bitter when heat arrives. Rosettes are 8"–12" in diameter, good for large containers.
<i>Lactuca sativa</i>	'Oak Leaf'	Lettuce Oak Leaf	12	6 Pack	\$ 6.00				
<i>Lactuca sativa</i>	'Speckled Bibb'	Lettuce Speckled Bibb Butterhead	12	6 Pack	\$ 6.00

Herbs									
<i>Anethum graveolens</i>		Dill	18	4" Pot	\$ 5.00			Full sun	Particularly good for pickling because of early and abundant seed production, 'Bouquet's' foliage is also delicious sprinkled on potatoes, tomatoes, salmon, spinach, cucumbers, and lamb chops. Very aromatic. Dill is an important host plant for caterpillars of swallowtail butterflies.
