

Name	Origin	Shape	Size	Bloom season	Color	Number	Notes	Source
Agastache 'Little Adder'	Nativar: A. foeniculum x A. rugosa N. America and Korea	plume	18"	summer	dark purple	72	Many of these have died.	North Creek Nurseries
Ajuga reptans 'Caitlin's Giant'	European	spire	3"-6"	spring	purple/blue	72		Emerald Coast Growers
Allium 'Millenium'	Unknown but likely has Asian heritage	button?	15-20" in bloom	later summer, early fall	purple/blue	50		Twixwood Nursery
Amsonia 'Blue Ice'	N. American native	daisy	30"	summer	light blue	LP32	These are susceptible to rust disease. This is fungal and we need to remove the diseased leaves.	North Creek Nurseries
Amsonia 'Short Stack'	N. American native	daisy				1		Andy Pulte
Antennaria plantaginifolia	N. American native	groundcover/ button	6"		white flowers	12 plants		seed grown UTG
Aster tataricus 'Jin Dai'	Siberia, N. China, Mongolia and Japan	daisy	36"	fall	light purple	LP32	The fungus <i>Phoma</i> sp. was observed on the Aster stem lesions. Many of these plants have died due to this infection. We sent a sample to the UT Plant and Pest Center.	
Baptisia australis	N. American native	spire	36-48"	spring	lavender	72	Perfroming well and reseeding freely.	Emerald Coast Growers
Bouteloua 'Blonde Ambition'								seed
Calametha								
Carex cherokeensis	N. American native	neutral grass	10-12"	summer	green	100	Performing well.	UT Gardens from transplant
Coreopsis verticillata 'Zagreb'	N. American native	daisy	15"	summer	yellow	144	Doing pretty well and spreading.	North Creek Nurseries
Deschampsia cespitosa 'Pixie Fountain'	N. American native					50	Most of these have died out. They require less sun and more moisture.	Emerald Coast Growers
Echinacea purpurea 'Ruby Star'	N. American native	daisy	24"-36"	summer	purple/magenta	72	These are doing well and re-seeding.	Emerald Coast Growers
Echinacea tennesseensis 'Rocky Top'	N. American native	daisy	24"	summer	purple	30	These are doing well and reseeding.	UT Gardens from seed
Echinops 'Blue Globe'	Siberia, N. China, Mongolia and Japan	button	36-48"	summer	blue	17	A small percentage of these survived and bloomed for the first time summer 2025.	UT Gardens from seed
Eutrochium (Eupatorium) pur. Euphoria Ruby	N. American native	umbel	24-28"	late summer through early fall	mauve	LP32	These have done okay. Some have died out. I'm concerned that they need more moisture and are not drought tolerant. Considering removal.	North Creek Nurseries
Geranium sanguineum 'Max Frei'	Europe and Asia hybrid	daisy	6-12"	summer	magenta	38	Foliage may be lightly sheared back and shaped to revitalize after flowering.	Twixwood Nursery
Geranium 'Rozanne'	Europe and Asia hybrid of Geranium wallichianum 'Buxtons Variety' and an unnamed cultivar of Geranium himalayense	daisy	18"	summer	purple/blue	100	Doing well!! They prefer shade in the afternoon. I cut back a lot of them late summer due to rough looking foliage and they have bounced back well.	Emerald Coast Growers

Heuchera am. 'Dales Strain'	N. American native	spire+foliage				LP32	Many of these have died. Survivors are hanging tough.	North Creek Nurseries
Kalimeris 'Blue Star'	Asia	daisy	12-18"	summer	pale purple/blue	72	These are looking a little ragged but many have survived.	North Creek Nurseries
Muhlenbergia capillaris 'White Cloud'	N. American native		3-4' in bloom	fall	white	6		
Nepeta kubanica 'Neptune'	Russian	spire	24-30"	summer	purple	142	Most of these died. Individuals in part shade have had higher survival rate.	North Creek Nurseries
Nepeta grandiflora 'Summer Magic'	Mexico	spire	15"-18"	summer through fall	purple	72	All are performing very well.	Emerald Coast Growers
Penstemon digitalis	N. American native	bell	36"	late spring	white	6 original plants	Blooms early. Tends to flop. Reseeds freely. Popular with bumble bees.	New Moon Nursery
Phlomis tuberosa 'Bronze Flamingo'	Europe and Asia hybrid	button	36"	summer/winter interest	light purple	10	Blooms in May. Reseeding freely. Not very attractive.	Jellito Seed/UT Gardens
Phlox divaricata 'Blue Moon'	N. American native							Andy Pulte
Phlox subulata 'Amazing Grace'								Andy Pulte
Platycodon grandiflorum 'Sentimental Blue'	Asia	daisy	6-8"	summer	blue/purple	8		Ball Seed/UT Gardens
Rudbeckia 'American Goldrush'	N. American native	daisy	up to 24"	late summer through early fall	yellow	72	Performing well.	Ag3Inc.
Salvia nemerosa 'Salvatore Blue'	Europe and west central Asia	spire	12"	summer	purple	14	Performing well. Reseeds well.	UT Gardens
Schizachyrium scoparium 'The Blues'	N. American native	neutral grass	24"		green/blue/purple	72	Reseeding and performing well.	Ag3Inc.
Setcreasea	Mexico	neutral	12"		purple	35		UT Gardens division
Sisyrinchium angustifolium 'Lucerne'	N. American native		10"-12"	early summer	blue	72	These are struggling.	North Creek Nurseries
Solidago 'Fireworks'	N. American native	spire?	24-30"	fall	orange	6	Full bloom 9/18/2025. These were reduced in height in late June. They likely need to be managed this winter by removing some roots.	UT Gardens division
Solidago 'Little Lemon'	N. American native	spire	12-18"	summer/fall	yellow	50	Blooms twice with a cutback of dead material after the first bloom in early June. They are not spreading at all.	North Creek Nurseries
Solidago sphacelata 'Golden Fleece'	N. American native					3		Cliffords Nursery
Stachys monieri 'Hummelo'	Europe and Asia	spire	14"		purple	10	Blooms were less prolific in 2025 vs. 2024. Newly planted (2024) plugs are looking good.	Riverdale, North Creek
Symphotrichum x 'Thunderdome'	Nativar: S. novae-angliae x S. oblongifolius	daisy	36"	early fall	purple	6	These were cut back to control height mid June and then again after bloom to control reseeding.	Intrinsic Perennial Gardens, Inc. trial

Symphyotrichum ericoides 'Snow Flurry'	N. American native	daisy	3-6"	early fall	white	64 + 50	Care free. White blooms fade to an unappealing brown color but it's worth it. Very popular with bees and flying insects.	North Creek Nurseries
Teucrium chamaedrys ssp. Nuchense 'Pride of Georgia'	Georgia (Europe and Asia)	spire	3-6"	early summer	purple	30	Trim back after blooming. Foliage looks beautiful early fall 2025.	Twixwood Nursery
